## SAD NEWS

**NOVEMBER 21** It is with great sadness that we announce the passing of long time member Carol Carr. Carol was an active member of the club, always full of laughter and fun. Over the years she gave back to the club as President (Jaguar 1997), Membership, and she was a tireless supporter of Kruse for Kids. There was a private service for family only. Heartfelt condolences go out to Doug from us all.

## 50th Anniversary Golf Shirts Available

The club has t-shirts to commemorate our 50th anniversary. They are \$20 each and are available in ladies and gents sizes in various sizes and colours. Call Anne Tilbury to reserve yours 604-889-0225. Cash or cheques please.

## ALEC'S AUTOMOTIVE MOVING TO BURNABY

6909 Russell Ave, Burnaby, B.C. V5J 4R8

After 110 years in Vancouver Alec's Automotive is now moving to Burnaby in January. See the link below for an article in The Province.

## WHIMPER WONDERLAND DRIVE

Free Entry

START: Campbell River Store, 8th Avenue/176th Street, South Surrey

TIME: 10:30 am for 11 am start. Snow, rain or shine

DRIVE: 50 kms (30 miles) approx. 1 hour

FINISH: A local pub for lunch

The perfect event to cure your New Year's Eve hangover, and blow the cobwebs out of your car.

Wear a fancy hat and win a prize.

If you think you will participate in the Whimper Wonderland Drive, call or text Anne Tilbury 604-889-0225 on or before December 28th.

The only rule is that all soft tops must be down, rain, snow or shine. Non roadsters are also welcome. The Whimper Wonderland Drive was named to shame the whimps who turn up with their roofs up. In past years, with air temperatures around 2 to 4 degrees Celsius.

Pub quiz to entertain and win a prize

## \*\*FOR SALE - 1989 JAGUAR VANDEN PLAS

Grey. 93,000 km. Lovingly driven and maintained since lease buyout in 1992 with regular servicing by MCL Motors, XJ Motors, and Octagon Motors. Service records available. Rated in excellent condition by Octagon. Low mileage is due to significant overseas travel in early years and health issues in recent years. Always parked in garage. No collisions, only parking lot damage which was fully repaired. Only issues are radio security code lost, so not working, and new solenoid needed for highway cruise control.

Asking: \$5,000 Cdn

**1970 MGB GT**

The car was built in May 1970 in a mustard colour for the California market. I bought it in the early 1990's from a young chap who wanted to buy a van. It was then a dark red. The engine had been re-built, fancy wheel rims, an aluminum valve cover, and stereo speakers had been installed; all of which I removed and replaced them with original parts as well as a new set of Continental tires. I replaced the rocker panels and one fender and had the car painted with Jaguar paint called "flame red". My wife and I took the car to a few car shows and the Vancouver-Whistler run. I also drove it to work and around Vancouver for pleasure. But shortly after I retired we had three cars and being unwilling to buy insurance for all of them I put the MG up on blocks in my garage. Two years ago I hired a mechanic and we changed the needle valves, balanced the carburetors and had the engine running smoothly. We changed a portion of a brake line, installed reconditioned callipers on the front wheel disk brakes and did some maintenance on the rear drum brakes. I purchased a new set of floor carpets, etc., but they have not been installed. One year ago I trucked it to Ladner and had more work done to hopefully bring the car to collector status but unfortunately it failed because of a few relatively minor problems. Shortly after that we sold our house and rented an apartment. I drove the MG to its new home, the underground garage of our apartment building where it has rested since last September. It is a good car but needs some work to make it roadworthy again.

The 1970 GT is a relatively rare model Hennings lists only seven for sale from the years 1970 -1976 with only one 1970. The average price for the seven is \$12,800 USD.

**1964 MGB**

She's a concours example, sporting all the original, hard to find early MGB parts and details. I was careful to maintain as much original parts as possible because the original quality is so much better than the repro's available today.

She's as original and pristine as they come. Featuring body and paintwork by Coachwerks. She's won awards, she runs and handles beautifully. She even has a full new set of Blockley vintage style tires. She's going to make her next owner very happy! Visit

**1962 MGA MK II Transmission**

I am a LAMB club member and would like to get out to members who may be interested in a transmission . It was rebuilt a number of years ago by Allister Black and has less than 2,000 k on it. I have done a retrofit to 5 speed in my MGA and have no use for this transmission. It comes with the original bell housing and driveshaft, I am asking 1200.00 for the unit, if you know of any one that may be interested please pass it along.

Thanks for your help

**\* FREE PARTS**

I have 2 brand new brake discs, one front & one rear, originally for a 1966 Jaguar 3.8S. I also have an electric cooling fan and a Smiths voltage gauge. When I was in the Jag Club from 1985-2003, Jerry Parkhill maintained a considerable parts stock. I would like to donate these to a club member and parts stockist, hopefully, not too far from North Vancouver. Anyone interest contact Paul Akerhielm at 604-209-5364 or email [pcakerh@gmail.com](mailto:pcakerh@gmail.com)
