Just for fun check out the websites for some of the other clubs around this area, or BC, or even further afield. Check out the links below esp. the [NAMGAR](#) site for the "Whimper Wonderland" ...

LITTLE CLASSICAL GAS

JANUARY 2016 MARKET PLACE

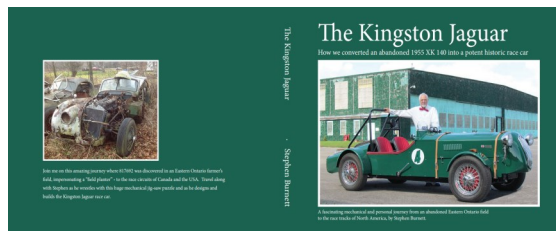

***FOR SALE DUE TO HEALTH PROBLEM 1980 MGB

This car has been in one family since new and has had only two lady drivers. It starts and drives well (original Stromberg carb. and auto choke work like a charm). Original anti-pollution equipment still on engine, but mostly by-passed. All of the original accessories that came with the car when new are still there. Total kms 75,000. Asking \$5000 and open to serious offers. Call Arlene (Mornings preferred) 604 904 7666 /778 318 4227. Or talk to Tom Koven or Joe Carroll.

***For Sale: 1969 MGB roadster project car. All opening panels off and some bodywork done, freshly rebuilt engine, all parts present. Seller downsizing and has no space for car. Asking \$2,800, the cost of the engine rebuild. Contact Wray at wwoodman@telus.net.

**Wanted: A car lift for home use. One suitable for storage would be preferred. That way I could sneak another car in the garage, throw a cover over it and my wife might not notice. Thanks, Mike

**For Sale (book not car): Over the past three years I have been building a "Jaguar Race Special" using an abandoned XK 140 and all of its mechanical components. The car is absolutely original except for the body, which as you can see in the attached photo is our concept of how a 1950's Jaguar Special would have looked. This unique book is excellent value and sells for \$95 plus \$19 packing and postage, for a total of \$114. Warm seasonal regards from Stephen Burnett sburnett@kingston.net or phone 613.544.7857

*Wanted: I'm setting up a shop to commence the restoration of a couple of A'S, pretty much from scratch, and wondered if anyone had any equipment that you have been thinking of selling. Initially, a decent compressor and air tools, an English wheel, a MIG welder, possibly a solvent tank and sand blast cabinet. Steve Wohlleben swohlleben@shaw.ca 250-247-9676
