Well folks, not a lot on the books for November
- must be winter or something!

Our November Kruse for Kids was held on a
spectacularly sunny and clear 5th Nov. The pockets were
deep with a raised total for the day over \$23k and hun-
dreds of gifts donated to the Christmas bureau.
Huge thanks to Rhonda and Doug for their hard work.

A complete set of 'AUTOMOBILE QUARTERLY' Volumes starting Spring 1962 – Spring 2012

They are in immaculate condition. 51 years (Four issues per year) and each of the four individual issues is hard bound , two hundred and four in total. Like new, with each year in its own sleeve with extra books of indexes and the 2005 Executive Planner for a total of 210 books.

I am trying to sell them for a widow of a past friend of mine and if I was 20 years younger I would keep them but as nice as they are I feel I need to let them go. They are spectacular hard cover bound books having an amazing amount of information in each one along with many colour and early black-and-white pictures of incredible quality.

I have looked them up on the internet and found several examples but none in as good condition and many not complete.

Sold examples:

This set did not have the yearly sleeves that the set I have for sale has plus were not in as new a shape as this set.

I've listed the volume numbers wise per box for ease of keeping track of what's in each box. These are only to be sold as a complete set. Are they worth what I have found on the internet, I don't know.

Now the clocks have gone back it's time to prepare for longer and darker winter days but never fear Lord Lucas is here:-

The Lucas Electric motto: "Get home before dark."

Lucas denies having invented darkness. But they still claim SUD or "sudden, unexpected darkness."
