New Info from Martin Izod

My vehicles include:

1961 'E' OTS #053 Flat floor, welded louvre, outside latch

1963 'E' OTS

1967 'E' 2+2

1964 MKII 3.4, 4spd O/D

1969 Jensen Interceptor SII

I'm always a little wary of saying this, but if any of the members need advice or information regarding the restoration of 'E' Types, I would be only too glad to help. I'm not looking for business, believe me, I have enough to keep me going for the next two years. At present, I have 5 'E' Types in the shop for full restoration, 2 - 1963, 1 - 1965, 1 - 1971 and 1 - 1973. I am also working on a 1969 Shelby Mustang Convertible, 1959 Bentley S2 and a 1967 Austin - Healey. As mentioned, all of these are frame off/body strip.

Anyway, the offer is there and I just thought I'd mention it. Look forward to seeing you all in the Spring. If anyone would like to tour my shop at any time while in the Calgary area, they would be most welcome.

Info From: Ryan Block ryegut@hotmail.com Subject: XK 140 1956 droptop signature model

I live in Naples, Florida. My name is Gary Wilson. Recently I've taken possession of a 1956 XK 140 droptop signature model. There is a Le Mans winner certification plate on the passenger dashboard as well as the trunk emblem and the signature on the steering wheel cross member. Can you tell me what this means or direct me to a source for that information? The car appears to be a restorers dream come true and I'm looking to sell it. I'm not a member of any Jaguar club, however I've been assigned the responsibility for a client to sell this car. I am thinking that the issue of the signature and the Le Mans winner to establish a value.

STUNNING NEW MG "XPOWER SV" REVEALED AT THE BRITISH INTERNATIONAL MOTOR SHOW

MG has today revealed its new high performance sports car named the MG XPower SV. Following development of the original X80 concept, the MG has been radically evolved, is lighter and has increased levels of power with up to 965bhp. So extreme is the performance that all models will be marketed under the MG Sport & Racing XPower brand.

The exterior styling of the two-seater MG sports car owes much to the demands of airflow management required for competition cars. These elements give the car an aggressive and overtly sporting stance implying its potential for high performance. Targeted at the premier driving enthusiast, the new MG XPower SV will become the icon of the MG brand with opportunity for both road and track exploitation.

Peter Stevens, MG Rover Group's world renowned product design director, previously with McLaren, Lamborghini and Lotus, has been appointed managing director of a new company specially formed to produce the MG

XPower SV.

As part of the project's weight reduction objectives, all body panels are made from lightweight carbon fibre. The flat underfloor and inbuilt front and rear diffusers manage the aerodynamic airflow for high-speed stability. Suspension geometry has been

designed in collaboration with Steve Randle, responsible for the dynamic set-up of the McLaren F1 road car. The MG XPower SV is a part of a unique range of products, which will ultimately be available with some of the most extreme levels of road performance ever offered.

As JCNA President, I congratulate and welcome the incoming directors, and thank all outgoing directors for their service. Both Dick Deibel who produces the JCNA Directory, and Dick Cavicke, head of the Concours Judging Rules Committee, are expected to continue their

These volunteers donate their time and pay their own expenses related to service as directors. They travel in their respective regions, helping JCNA affiliates, coordinating activities, and putting a "face" to the JCNA. Finally, I thank JCNA Legal Counsel Brock McPherson and Ray Cheely CPA, for their efforts in managing the Director elections, and promptly reporting these results.

2003 JCNA Challenge Championship May 1st - 5th, Phoenix Arizona

Special Section : Latest News, Schedule,
On line Registration and more...
You have a date with Arizona in 2003 !

After its success in Tennessee in 2001, the JCNA Challenge Championship is moving southwest, to central Arizona and the exciting area around Phoenix. Planned for the beginning of May, it will let you enjoy Jaguar camaraderie and competition in brilliant warm desert weather without the summer heat. On top of the familiar, enjoyable JCNA events you will have the opportunity for sight-seeing in a part of the country that is, simply, one of the most beautiful places in the world. Home base is the Phoenix Airport Marriott and your hosts will be the Jaguar Club of Central Arizona.

This will be a family event, as always, with things for everyone to do. If any favoritism is shown, it will be towards the female side. Event Chairman, Dennis Eynon, promises that no one will be bored and that those who tire of car talk and looking at cars will have ample tourist and shopping activity available. In an area famous for its original jewelry designs, Dennis is researching the possibility of a special commemorative souvenir and we'll give you more information as this develops. The full, four-day begins on Thursday May 1, with a JCNA Swap meet - the first ever at a JCNA championship. Plenty of room to display those Jaguar parts and memorabilia you want to sell. A fashion show is planned and a Land Rover tour into the picturesque Arizona sunset.

Friday's JCNA Rally is an all-day affair north to the lovely town of Sedona in the heart of Red Rock country. After a day's touring, we'll relax with a dinner show in the Rawhide Western Town. For those staying behind, the hotel will provide transportation to the Arizona Biltmore, Scottsdale Fashion Mall and Old Town Scottsdale from 11:00 to 4:00 on Friday and Saturday.

Pardon the fax quality!! This article from Dennis Torgeson gives the information on this year's NAMGAR get together. - a reminder that 6 to 10 cars from the Club expect to attend the NAMGAR GT-28 in Oregon as guests of the Columbia Gorge MGA Club in July. CCMGC members who would like details of this event, or who would like information on NAMGAR membership, can contact Peter & Anne Tilbury, Tel 604-535-0648, or email patilbury@shaw.ca

Come to the GT 28 Party!

Hi club members! I want to give you some information about our club hosted NAMGAR (North American MGA Registry) GT (Get Together) next year so you can make the necessary plans. Here are the specifics. Date: July 14 - 18, 2003

Location: The Resort at the Mountain, Welches, Oregon (on hwy 26 towards Mt. Hood). www.TheResort.com, 503 622 3101 or 800 669 7666.

Room rates: \$89, \$109, \$119, \$139 and higher depending on your requirements. Please check with The Resort as to what each room has, to see which one fits you. Please mention NAMGAR GT 28 to get these rates plus this will be tallied towards our room requirement with The Resort.

NAMGAR GT 28 Registration fee: \$35. This will entitle you to participate in all activities of the GT no matter which British car you enter. We will be having a TSD Rally, a Car Show, Tours to Mt. St. Helens, Timberline Lodge and the Gorge, a Wine Tour, Tech Sessions, Hospitality Room, self guided tours, just to name some of the activities we have planned. A lot of action for just \$35 bucks! There will be awards for "Other British" (non MGA) that will be eligible for at the car show. All of you non MGA owing club members will be "Associate" members of NAMGAR for this event and become a complete participating person in the GT, no exceptions. So you see, this is an all club member event, not just MGA owners. Heck, Ron Hillbury will be leading the Gorge Tour in his MGB! So think of this event as a 100% CGMGA club event. We need the support of the entire club.

One thing we all must do is to reserve your room NOW. We have a commitment with The Resort for a certain number of rooms with a cut off date of February 1, 2003. At that time we will have to adjust our number of rooms to fit what we have registered and if you wait

too long, you will not get our preferred rate. You don't have to register for the GT right now, you just need to get your room on the books with The Resort. This is very important to our planning. So don't wait until January, please call them now. It won't cost you anything until GT time for the room. Like Nike says, "Just Do It!"

We also will be having a great Auction/Raffle at Wednesday night's dinner and a great speaker for you at the Banquet Dinner on Thursday night. And by the way, our keynote speaker will be Bob Vitrikas. Yes, this is the same Bob Vitrikas that is the author of your first MGA Restoration Guide Book. He also has a great collection of slides to show of MGA's at Le Mans, Sebring, the MG factory, etc. We heard him speak and saw one of his slide shows at the Virginia GT and his is spectacular. He will keep you on the edge of your seat. Bob is also the NAMGAR Historian and an accomplished sports car driver. You won't want to miss his presentation at the Banquet Dinner.

So the bottom line is this: reserve your room NOW, set aside your vacation time for the 4 nights at The Resort next July and take in all of the events of the GT and be a part of it. Those of us that attended the Virginia GT had a ball, we were busy all the time and met some fantastic new friends. And The Resort is a first class destination resort, with tennis, swimming, horse back riding, lawn bowling, hiking and golf to name a few of the things you can do there.

We have a great committee of club volunteers that are working their fanny's off just so you can enjoy yourself and your sports car. It doesn't get any better than this. So please support your club and sit back and enjoy an event that will be the best you have ever attended.

**Dennis Torgeson
and your GT planning Committee members**

Anyone like to help out?

My wife and I are planning a driving vacation in your area and would like your assistance if you have the time.

We own an XK8 and are members of the San Francisco club. This summer we would like to travel up to Seattle to start our tour of your beautiful part of the world. We would like to visit Victoria on Vancouver Island then tour the island and ferry across to the main land and see as much as possible of British Columbia and perhaps Alberta.

We like scenic beauty and quaint small towns. Just to give you a feel of what we consider to be normal touring.

Last year we drove across to Salt Lake City, up to Yellow Stone and Glacier National park and across to Seattle. Then down to Portland and home to CA.

We have two weeks vacation to plan and any help or reference to good tour guide books etc would be very much appreciated.

Regards

Keith and Janice Carlisle

JCNA AGM Hotel Rooms

It is not too late to book a room for the AGM within the reserved block. Rooms are still available. However, folks trying to book a room in the block from this Monday, 2/17, to Thursday, 2/20, may have been told the block was closed. It should not have been and the hotel has now corrected this information. If anyone had a problem or did book a room but not in the block, please email Bill and Margaret Bingham at bingham2@bellsouth.net as soon as possible with your situation. We will try to get this corrected.

Remember to visit the AGM section on the JCNA Website for the latest information including agendas and proposals. A number of important proposals have been posted, please take a moment to review them

Thin end of the wedge?????

GOOD BYE COLLECTOR STATUS FOR ANYTHING NEWER THAN 1960 IF THIS BILL PASSES.....

This is a very serious concern. The Canadian Government typically follows much of the legislation that California adopts.

Proposed California Law Change

Senate Bill 708 repeals the current pro-hobbyist exemption for vehicles 30 years and older and replaces it with an exemption for vehicles that are 45 or more model years old commencing January 1, 2005.

Existing law in California exempts all pre-1974 vehicles from emissions testing until 2003. After 2003, vehicles 30-years old and older are exempt from emissions testing.

** California's current emissions testing exemption recognizes the minimal impact of vehicles 30-years old and older on vehicle emissions and air quality.

** Vehicles 30-years old and older constitute a small portion of the overall vehicle population and are a poor source from which to look for emissions reduction.

** Antique and classic vehicles are overwhelmingly well-maintained and infrequently driven. In Canada the recent NAAACCC Survey shows fewer than 500 miles per year are put on the average collector car.

** Legislators and regulators are feeling the heat from a failed effort to meet air quality goals and are looking for a convenient scapegoat. The old car hobby should not carry the burden of their mistakes!

Thanks to the Metropolitan Owners Club in Manitoba, Canada for bringing this to our attention.

Best Regards, John Carlson, President,

National Association of Antique Automobile Clubs of Canada Corporation (NAAACCC)

TELEPHONE COMMITTEE!

Our esteemed telephone committee boss, Simon Austin, would like help from members to assist in the important requirement of member contact regarding matters of Club interest/activities, to contact him and help out with this need. Fortunately, the e-mail operations have reduced this task to only a few members who cannot be contacted this way and require a telephone prompt. Simon asks for members who do not receive the Little Classical Gas by e-mail but have an e-mail address, to contact Jennifer Orum at 604-926-8712 and provide that information in order for reminders about Club events to be provided. It is a small but important part of the Club operations and any help would be appreciated. It only amounts to three or four calls and the amount is reduced if more volunteers help out.

Give Simon a call and he will tell you all about it.

The JCNA 2003 Challenge Championship.....

isn't just five days of fun and competition. In addition to what was in the November/December Jaguar Journal, the following exciting activities are in various stages of planning.

Extend your stay and see a lot more of Arizona on the BEAT (British Euro Auto Tour). This two-day, 400-mile event is a driver's and eater's dream. Saturday, April 26, approximately 200 British and European cars will depart from Phoenix and take the back roads through the low desert for a continental-breakfast stop in Wickenburg. Shortly thereafter, we begin our ascent to the mile-high city of Prescott for lunch. After some more beautiful high-desert scenery, a climb over 7200-foot Mingus Mountain, and winding our way through the switchbacks of the resurgent mining town of Jerome, we are ready for an afternoon snack in the Verde River Valley. We end the day in Flagstaff, Arizona where we are on our own for dinner, to enjoy the company of the friends we made on the way.

Sunday there is a special event, different every year, planned for the morning, followed by lunch, raffles, freebies and samples of car products somewhere up in the high country. Last year, the event cost \$50. In addition to dinner on Saturday, you pay for your own room in Flagstaff, and for lunch on Sunday. Grand total, the entire trip costs between \$150 and \$200 per car for a drive through some of the most beautiful scenery the Southwest has to offer.

After that we break up to make our way back to the valley by whatever route we choose. If you'd prefer to see a little more of Arizona you don't have to go straight back. The Grand Canyon, for example, is a two hour drive north from Flagstaff. Do a little sightseeing. Just make it back in time for the Challenge Championship, or the offerings from the Bob Bondurant School of High Performance Driving, below.

More information is available at www.beataz.com. BEAT entries are limited and it can fill up, so check back with them frequently. If you are interested, jump on it as soon as the entry form is available.

Monday through Wednesday we are planning to offer the High Performance Driving Course at the Bob Bondurant School of High Performance Driving. It is awesome. Straight-line slalom, skid cars (with castors at the four corners that can be raised or lowered, front and/or rear to simulate under- and oversteer and ice-like conditions), the concepts of weight transfer and its affect on handling, autocross, heel-toe downshifting, and apexing turns for maximum exit speed are taught mostly in the car with you behind the wheel. Finally, on the last day, you put it all together on the road course. I have never learned so much about something I though I knew a lot about. Use your car or drive the Bondurant Corvettes. The price is the same, so I'd suggest the latter because you pound the cars.

For those interested in doing their best in the JCNA Slalom, we are negotiating with Bondurant for a couple hours of instruction on the JCNA Slalom Course. This course will teach you the fastest line through the slalom and may involve teaching of some prerequisite skills.

Finally, for the most sporting among us, Bondurant has Shifter-Karts. These are what the Formula 1 drivers drive in the off season for fun. Why? Michael Shumaker described the handling of these 100 mph go-karts as the closest thing to his F1 ride.

For more information on the Bondurant offerings, go to www.bondurant.com. Read through the details. Unlike some driving schools, Bondurant encourages you to push the cars and yourself to the limit. There are no governors or rev limiters on their cars. We will be receiving at least a 10% discount on the course prices. More is possible depending on the level of participation. If you are interested, please drop a line to Mark Stephenson at marks@jcca.us or at 1913 E. Redfield Rd., Phoenix, AZ 85022, 602-867-7462. The more participants, the more we can negotiate.

All Bondurant activities are in the planning stage and are subject to change. Information will be posted on the JCNA website (www.jcna.com) as it becomes available.

" It's Easter Bunny time again!"

April 2003

We welcome the visit of Fred Bennett at our Club meeting, who will introduce.....

AirCare, Collector/Vintage Vehicle Update March 2003

The first meeting of the Collector Car Council for 2003 was held January 27th, 2003. Present were: Peter Hill (A/C), Dave Gourley (A/C), Ron Levitt (A/C), Allyson Coffey (ICBC), Nigel Mathews (ICBC), and Rob Robinson (Envirotest Canada), with John Carlson, Jim MacDonald and Fred Bennett representing the Car Clubs.

The meeting focused on:

1. Criteria for Modified A and B Modified Collector Vehicles. Follow up will include a review of the criteria by ICBC and a report from the Club Representatives regarding the number of vehicles involved and mechanical inspection requirements.
2. The impact of amended AirCare test standards for older vehicles. Older vehicles are now placed into one of three new age categories (1968-1970, 1960- 1967, Pre-1960). A reduced number of inquiries to me from owners of older cars would appear to indicate fewer vehicles encountering AirCare pass difficulties.
3. Progress Report, ICBC Agreed Value for Collector Vehicles- Nigel Mathews. Seven hundred applications to this program have been received to date with one hundred and seventy five approved. Nigel clarified that, with regard to "secure storage", that if a Collector Car Vehicle is parked in a motel/hotel parking lot while the owner is attending a car show, then the vehicle is covered. Nigel also provided an overview of the 2003 Barrett-Jackson Auction in Scottsdale AZ. Which he attended.
4. Discussion re: installation of electronic ignition systems on Collector or Vintage Vehicles. It was agreed that such an installation must not result in any cosmetic changes to the vehicle. Allyson will report back with further clarification on this issue.

While these are not "exciting" issues, the expansion of the Council to include ICBC requires time to be spent on the details. If you have an AirCare or Collector/Vintage Vehicle problem, call -

Fred Bennett Phone: 604-939-1773 Fax: 604-939-1753

May 10th - 11th CXKJR/CCMGC Dogwood Rally

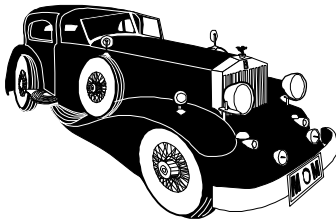

Once again we have our own Dogwood Rally provided by our Classic Rallymaster Al Riches, who has put together a wonderful weekend of interest and challenge!

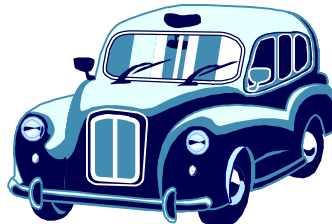

On Saturday 10th he is holding a workshop for enthusiasts who would like to become more competitive and for enthusiasts who would like to get better! There, the tricks and smarts can be learned and after a test rally will be held for all to put into action all of the new ideas that they have learned!

On Sunday 11th its 'rags down' and into a full bore Rally to bring the competitive values into play. Lots of skill and intrigue as you wind your way around the route selected by Al to test your abilities of regularity in driving and accuracy of navigation. Yes, it's a two person team that will give the winning performance.

Come along to this wonderful warm up for other rallies this year and enjoy yourself with other Club members and soak up the competitive aura of the event. Lots more details of place and time in next month's LCG.

Vancouver Annual All British Field Meet

Whether it's Taxis, Buses or Limo's - the meet will be held for all to visit at Van Duesen Gardens on May 16-17. An annual event which brings together a variety of classic oldies is about to create another huge talking point after it's display next month. Whether you want to show or just visit, remember to put this one in your diary.

For further information contact Joan Stewart at 604-736-6754

AND.....!

The JCNA 2003 Challenge Championship (see back page for contact details)

The deadline is fast approaching for registration for the Challenge Championship 2003. Your chance to join us for what is undoubtedly the best bargain ever for a JCNA event will end April 15th.

I hope you are seated as you read what this includes.

Two lunches

- Rally, Friday
- Concours d'Elegance, Sunday

One heavy hors d'oeuvre and cocktail party

- Saturday

Three dinners

- Thursday, Supper (Sponsor: Molina Fine Jewelers)
- Friday, Goldfield Ghost Town dinner
- Sunday, Awards Banquet and dance

Four handsome gifts

- For women: Custom-created piece of jewelry from Molina Fine Jewelers
- 2' x 3' poster of the specially-commissioned Challenge Championship painting
- Huge program, approximately fifty pages.
- Commemorative CC 2003 polished stainless steel keychain.

Six special events

- Thursday, Men's and Women's Sports Fashion Show
- Thursday, 1st ever JCNA Swap Meet (Sponsor: Intercity Lines)
- Thursday, New XJ8 (X350) Test Drives on the Street
- Thursday, Sunset Land Rover Adventure (Sponsor: Molina Fine Jewelers)
- Saturday, Ford/Jaguar Hot Weather Test Facility Tour (Sponsor: Welsh Enterprises)
- Saturday, New XJ8 (X350) Test Track Drive.

Of course you'll be able to enjoy the three JCNA-sanctioned competitions

- Friday, Rally to the Red Rocks (Sponsor: Classic Showcase)
- Saturday, Slalom (Sponsors: Pirelli, Bob Bondurant School of High Performance Driving)
- Sunday, Concours d'Elegance (Sponsors: XKs Unlimited, Zymöl)

By the way, just because you are carless doesn't mean you can't join us on the rally. Rent a car, ride along with a participant, hitch-hike, if you like - if you sign up and can get to our stop near Sedona, we'll have a lunch waiting for you. You won't be competing, but I guarantee that the drive will be outstanding.

In addition to all the show cars, Austin Powers' Shaguar will be on hand, as will the James Bond XK8 4x4.

What will all this cost?

\$169 per person for all 18 activities! plus **\$90 per car** to compete in all three events! At past biennial events, you paid this much for an event or two. How can we put this whole event together for such a small cost? Sponsorships. We can offer all these exceptional rates because the JCNA Board of Directors and the Challenge Championship Committee has raised far more money than ever before. We are using a large portion of this to subsidize well over a third of the cost for every entrant. However, this is a double-edged sword. We need to show that we deserve this kind of support. A mediocre turnout will not convince the sponsors that their money was well-spent. We may not be in your neck of the woods, but your support at this event, even without a car, could easily end up saving you money at all future Challenge Championships.

Thanks to the one-price-for-everything structure, we have a record number of people participating in the slalom and the rally. We are approaching, and may surpass the concours participation we saw at Tennessee two years ago. With airfares at historic lows, free shuttles from the airport to our hotel, and rooms at the Phoenix Airport Marriott for just \$99 per night for up to four people, it will cost you almost as much to stay home.

For more information, go to the JCNA website at www.jcna.com. You can register there and pay on-line with a credit card.

Hurry, though. There's not much time left.

Hobbyists Save Emissions Exemption :

After consulting with SEMA, California State Sen. Dean Florez (D-Fresno) has *modified legislation* (S.B. 708) that originally threatened to repeal the state's current rolling emissions test exemption for motor vehicles 30 years old and older. The bill sought to revoke the pro-hobbyist exemption and replace it with an exemption for vehicles 45 or more model years old commencing Jan. 1, 2005. The bill will be replaced by a SEMA-drafted alternative that beefs up existing California law prohibiting the operation of smoking motor vehicles. "California officials continue to develop strategies to address failed efforts to meet air quality goals. Old cars are often targeted as convenient scapegoats," said SEMA Government Affairs Director Steve McDonald. "Over time Sen. Florez became convinced that the antique and classic vehicles that benefit from the current emissions exemption are overwhelmingly well-maintained and infrequently driven. Forcing these vehicles back into the Smog Check program represented flawed environmental policy and created no real benefit to the quality of the air breathed by state residents. We are thrilled that Sen. Florez ultimately agreed with our assessment."

From the Government of Ontario

QUEEN'S PARK, ON, May 5 - The Ernie Eves government is taking action to improve road safety by cracking down on street racing, doubling fines for speeding in construction zones, and making child booster seats mandatory across Ontario, Transportation Minister Frank Klees announced today.

This legislation focuses the nitrous oxide ban on street racers and more clearly defines what conditions medical professionals must report to the government."

If passed, the Road Safety Act, 2003, would:

- target street racing by adding vehicle impoundment and driver's licence suspension - both for 48 hours - to the current tools available to police. The bill would also prohibit the use of *connected* nitrous oxide systems in vehicles on public roads.

RON DEANE-FREEMAN MG

From Tricia Deane-Freeman.

My husband Ron Deane-Freeman passed away last September and we were members in the MGB car club.

We have a 1973 MGB which needs some work and it won't pass aircare. I have given the car to my stepsons but, with their limited resources, they are finding it hard to keep the vehicle.

Please contact Tricia for details.

V8 MG - Anyone????

I have an extremely good rover v8 engine [rebuilt with new pistons, cam etc etc] that is in my Rover SD1 - this unit for sale with the MG Vancouver community - I have listed it on the rovernet list server but have not had much luck - there must be a few keen MG'ers out there looking for a V8 conversion project - note this unit would be complete with the full EFI system
Peter.Dobell

Or maybe this MG???

1969 MGB GT, fully restored inside and out. Primrose yellow, black interior with tinted rear windows and lots of chrome. Lady driven, well maintained mechanically, and cherished. \$8,000

An Article of a different representation, from Glen Enright on the plight of the Jaguar in Belize...

Paul Skilleter has been running several articles in Jaguar World Monthly and I believe Jaguar Cars UK has been involved in a limited way. I was hoping that JCNA and Jaguar Cars US and perhaps Land Rover could make some contribution.

BTW, The local Pacific Coast Rover Club (Washington and Oregon) are working on restoring a series Land Rover to be taken to Belize for the benefit of the Audobon Society which is responsible for the management of the preserve.

But, my major concern is to buy land adjoining the preserve. It is rapidly being cut down by the local farmers for planting crops to feed the families.

This puts a real stress on the Jaguars as well as on the rain forest proper, because in about 5 years the ground is not productive anymore and the farmers push on and cut down more rain forest.

I'm currently reading a book by Alan Rabinowitz called Jaguar. It tells of the beginnings of the preserve and gives some insight into the mind set of the local farmers. They are not receptive to change in their life style, they do things as "they always have been done." Plus they see nothing wrong in killing the Cats, even though it is illegal, and selling the skins on the black market.

Anyway, I digress. Take a look at the site, I believe it will answer your questions.

" Let's make Hay!"

August 2003

Heritage 2003

A word from the CXKJR President - Dave Williams.

The annual Club event is here, the time that we get together and support our Club event with our Concours, Rally and Slalom, put together to highlight the year's operations that we share as Club members. Come on out and show, visit or compete in our events which enables us to meet the competitors and associates whom we may miss throughout the year. Make the effort to show all attendees how much our Club means to us by coming to this event. We have visitors from other Clubs who show their appreciation for competitive events, let's show them how much we love competitive events also. It's a great

collection of beautiful cars, shown for the attention of enthusiasts and the competitiveness of others who enjoy the rallying and slalom compe-

titions. We all joined the Club to share our interest in the cars and this event signifies that feeling.

Friday night is the 'Get together' at the Atrium at the Lonsdale Quay Hotel from 6pm for the 'Noggin 'n Natter' which is a time for chat and fun. Saturday, gates open at 8.30am (no earlier!) for the entries of the Concours and Display and at 11am is the judging of the vehicles, on show at the Waterfront Park adjacent to the Hotel, for prizes in their classes and a wonderful 'Show Time' for all spectators to see how much has gone into the preparation of each vehicle. This is followed by 'Happy Hour' at 7pm and by the awards dinner at 8pm at the

Hotel, where the prizes will be presented. Sunday sees the Rally, starting at 8am from the Hotel, taking us through an eventful, easy journey to the Slalom at the 120th St. Skytrain parking lot in Surrey, where the JCNA approved Slalom will be held from 10am. The results to be presented to the JCNA Slalom committee for awards for each class, involving cars from Canada and the US. We

have won some classes in this event many times and this year we intend to do it again! A brunch at the Excalibur Grill, adjacent to the Slalom site, at 1pm, will allow presentation of local prizes for winners of various classes in this Slalom event.

Come on out and compete, display or watch all or some of these events over the weekend and show your Club that you enjoy the events and appreciate the hard work put in by the volunteers who provide the help and direction for this and many other events.

It's our big annual event and we want to see you there!

Slalom July 6

Five Club members took part in the Slalom, which is longer than the JCNA version we're most familiar with. Okanagan British Car Club members are seriously into slalom, with an event every week over the summer. The fastest times for the day were in the 1:04/1:05 area. Club members' best times, out of three runs:

Duncan Cowen (1956 MGA Roadster)	109.93 secs
Bob Sherman (1974 MGB GT)	114.63
Marie Stevenson (1974 MGB GT)	116.53
Craig Ramsay (1975 MG Midget)	122.96*
Jennifer Orum (1970 MGB Roadster)	126.93

* Craig had only one run due to a mechanical problem

Show & Shine Display.

The "show and shine" will be held at Planet Bingo's parking lot from 3pm until 6pm on September 1, 2003. Jaguar exhibitors can arrive anytime between 2:30 and 3:00. The announcement and draw for the 2003 Jaguar XK8 convertible giveaway will be held at approximately 5pm. We would appreciate it if all of the owners of the Jaguars could remain in the lot until after the draw to prevent any distractions from it.

We are aware that it may be difficult to participate in our "show and shine" on a stat holiday so we will reward those who participate by offering a free lunch for all participants and at least \$500 worth of prizes for winners. We will most likely have a prize for the nicest car and also for the nicest Jag owner, chosen by the public.

If any of you are interested in receiving a chance to win this Jaguar please visit www.planetbingo.ca for contest details. Planet Bingo's Address: 2655 Main St., Vancouver, BC (near Broadway)

Searching for Joan?

A photo reminds an MG Vancouver Sun reader of a long-ago road trip and the girl he left behind

By Angus Munro

Sitting beside me was the most beautiful girl I had ever seen.

I had met Joan McClimon in the evening before and today, in my new MGB, she was with me on the way to Cedar Beach in Ontario. It was an early summer day in 1966 and the top was down with the warm sun shining on us. Joan moved her head closer to hear something I said and replied with her captivating smile.

On that long straight road, I was lost. From then on we were inseparable. She was terrific girl, smart, funny and good company as well as being easy on the eye. I met her parents and Helen and Ken, her sister and brother-in-law. Once I went with Joan to her sister's cottage and on several occasions we took Helen's two children to the beach in the MG. Joan's wonderful family made me so welcome.

When I moved to Vancouver for a job, Joan came with me, finding work for herself with the moving company Bekins. In Vancouver I was living in paradise. I had a girl who was as happy camping in a weekend tent as she was dining in a sophisticated restaurant. But in my foolish way, I was destined to spoil it.

I had left England without completing my academic education. In Canada I was not allowed to practice as an engineer and found it difficult to maintain steady employment as a draftsman. It was a worry. All of our friends were waiting for me to propose to Joan. They were amusingly unsubtle with their well-meant hints. Joan also waited in her patient way.

On New Year's Eve, just before Joan's birthday on New Year's Day, I was standing at the great crossroad of my life. I decided to return to England to finish my education. What I should have done is stayed and married Joan.

It didn't take long after my return before I realized my mistake. I tried to contact Joan, But in those days it was difficult to make transatlantic telephone calls, especially if the person had moved on and you had no address. As a financially strapped student, I did not have the cash to just hop on a plane as we can do today.

Joan McClimon in 1966.

How stupid I had been.

Life went on, but I never forgot Joan. I carried her in my heart always and on every New Year's Eve I quietly wished her a happy birthday.

Eventually, qualified as a structural engineer, my work with offshore structures took me to Norway where I met and married a Norwegian girl. An unkind stroke of fate later left me as a single parent with a five-year-old son. I love him more than life itself.

Today, my son Christian is training in Britain and the USA to be a commercial pilot. Just before Christian left the family home, we cleared a room in order that he might store his things for the period of his training abroad. I was downstairs when I heard him call, "Who is this, Dad? She's pretty." Christian had found the picture of Joan that she had given me all those years ago. Seeing Joan smiling at me again moved me to tell him about that part of my life.

"Find her, Dad," he said. "Do it. Today you have the Internet, the money and the time. Go on Dad, do it."

To date I have written more than 200 letters to various people in Ontario that I hoped would be Helen and Ken, but without success. Many people have replied and shown interest in how I get on with my search, and I reply to every letter or email.

I still maintain an interest in MG cars. I am restoring a rusty wreck of the same type of car I had all those years ago, and plan to restore the car to better than new condition and return with it to Canada where I will take the trip from Toronto to Vancouver that I took all those years ago. Wouldn't it be just fantastic if I found Joan and she could come with me?

This time I wouldn't get lost.

I know the way.

Anyone with information about Joan can contact Angus Munro by email at angus.munro@c2i.net or by mail at Arengveien 2, 1394 Nesbru, Norway.

NAMGAR GT INFO

from Peter Tilbury

We all enjoyed GT28, I'm sure, and can commend the Portland Club on the fine job they did. I have information on forthcoming GT's which I thought you might like to know so you can plan your future NAMGAR GT meeting attendances:

GT29 will be in Connecticut (2004)

GT30 will be in Michigan (2005), and is the 50th birthday of the MGA

GT31 will be the all MG meet (2006), but the venue is unknown at this time (CCMGC has withdrawn its interest)

GT32 will probably be in Whistler (2007), and CCMGC will be the hosts if it is.

If you attended the all MG meetings in Indianapolis (1996) or Minneapolis (2001), you are asked to send comments on these to Rick Ingram, currently coordinating bids for 2006. If you need a copy of his questionnaire, let me know. 604-535-06488

SLALOM INFO

from Jennifer Orum

Since I slalomed both Rick Martin's 1971 Series III E-type and his 1996 XJ12 at the Portland ABFM on Sunday (ended up with the same times on both!), I was curious how this shows up on the JCNA website. The results were already listed, plus I discovered the North American rankings summary, showing current standings of our club members as follows:

Member/Class/Car/Time/Rank in Class

Cliff Davis	Class B	1955 XK140	52.053	Rank 4
Leon Pond	Class D	1965 E-type	54.246	Rank 12
Jennifer Orum	Class E	1971 E-type	51.530	Rank 7
David Williams	Class F	1988 XJ6	49.557	Rank 10
Jennifer Orum	Class F	1996 XJ12	51.530	Rank 13
John Morse	Class H	1966 E-type	39.560	Rank 1
Douglas Carr	Class J	1988 XJS Coupe	47.961	Rank 7
John Morse	Class M	1966 E-type	40.240	Rank 1*

I wondered why John is listed in Class M, when the other cars in this class appear to be all S-types. (This listing seems to have originated from the Portland ABFM - maybe they thought his E-type was really an S-type in disguise??)

I appreciate these rankings may change by the end of 2003, since from a review of the upcoming events, it appears that the majority of JCNA sanctioned slaloms take place in the fall.

A tongue in cheek (!) article from Steve & Sheila Kaufmann

My daughter and I had just finished a salad at a Neiman-Marcus Cafe in Dallas, and we decided to have a small dessert. Because both of us are such cookie lovers, we decided to try the "Neiman-Marcus cookie. It was so excellent that I asked if they would give me the recipe, and the waitress said with a small frown, "I'm afraid not, but you can buy the recipe

Well, I asked how much, and she responded, "Only two fifty-it's a great deal!" I agreed to that, and told her to just add it to my tab.

Thirty days later, I received my VISA statement, and the Neiman-Marcus charge was \$285.00! I looked at it again, and I remembered I had only spent \$9.95 for two salads and about \$20.00 for a scarf. As I glanced at the bottom of the statement, it said, "Cookie Recipe-\$250.00". That was outrageous!..

I called Neiman's Accounting Department and told them the waitress said it was "two fifty", which clearly does not mean "two hundred and fifty dollars" by any reasonable interpretation of the phrase. Neiman-Marcus refused to budge. They would not refund my money because, according to them, "What the waitress told you is not our problem. You have already seen the recipe. We absolutely will not refund your money at this point."

cont...

I explained to the Accounting Department lady the criminal statues, which govern fraud in the state of Texas. I threatened to report them to the Better Business Bureau and the Texas Attorney General's office for engaging in fraud. I was basically told, do what you want. Don't bother thinking of how you can get even, and don't bother trying to get any of your money back." I just said, okay, you folks got my \$250, and now I'm going to have \$250 worth of fun." I told her that I was going to see to it that every cookie lover in the United States with an e-mail account has a \$250 cookie recipe from Neiman-Marcus...for free. She replied, "I wish you wouldn't do this." I said, "Well, perhaps you should have thought of that before you ripped me off!" and slammed down the phone.

So here it is! Please, please, please pass it on to everyone you can possibly think of. I paid \$250 for this, and I don't want Neiman-Marcus to EVER make another penny off of this recipe!

NEIMAN-MARCUS COOKIES

(Recipe may be halved)

2 cups butter
24 oz. chocolate chips
4 cups flour
2 cups brown sugar
2 tsp. (Bicarb) soda
1 tsp. salt
2 cups sugar
1 8 oz. Hershey Bar (grated)
5 cups blended oatmeal
4 eggs
2 tsp. baking powder
2 tsp. vanilla
3 cups chopped nuts (your choice)

Measure oatmeal, and blend in a blender to a fine powder. Cream the butter and both sugars. Add eggs and vanilla, mix together with flour, oatmeal, salt, baking powder, and Bicarb (soda). Add chocolate chips, Hershey Bar, and nuts. Roll into balls, and place two inches apart on a cookie sheet. Bake for 10 minutes at (180) 375 degrees.

The above quantities makes 112 cookies.

PLEASE READ THE RECIPE AND SEND IT TO EVERY PERSON YOU KNOW WHO HAS AN E-MAIL ADDRESS! THIS IS REALLY TERRIFIC!! Have fun! This is not a joke-it's a true story.

Ride free, citizens

PRESIDENT'S RUN

26th-27th September 2003

No, this isn't the Marktplatz in downtown Munich! It's the town of Leavenworth where we visited for the Presidents' run. The weather was spectacular and the trip down through the North Cascade route was wonderful. Our return journey along the South Cascades and through the Stevens Pass was magnificent! We took a day trip from Wenatchee, where we were staying, (no room at Leavenworth!) up to Lake Chelan and had a hilarious dinner visit to the Mill Bay Casino! (More info and photos in the Classical Gas)

We were met in Wenatchee by Cordell Newby and his daughter, Heather who live there . They joined us for our trip to Bob's Classic diner, a plethora of old car parts and photos plus two statuettes of Jake & Elwood!!). The weather was wonderful and the Saturday trip to Leavenworth gave us a fine example of its history and direction.

Want to visit "Back East?"

Info from Peter & Anne Tilbury - Do you think the MGA will make it!!!

Hello to all British Car Clubs within reach of Prince Edward Island, Canada. (!)

Please note July 9, 10 and 11, 2004 as the dates for our sixth annual British Car Days Across the Bridge. This event features not only one of the fastest growing British car shows but also a wealth of social functions. Anyone who has attended in the past will know what to expect. This year we expect to have all the usual events and maybe some new features as well.

The planning committee is well at work organizing this year's event. Full details are not finalized yet but all the major venues, including the main show at South Rustico PEI, are confirmed for this coming year. More details will be forthcoming by e-mail, and more conventional mail, as plans are finalized. Our webmaster is working on our website and there is little there today on the 2004 show. Very soon this work will be complete and we expect to have details about various aspects of the show posted as they are confirmed. Please check our site: www.bmapei.com for these updates.

In addition to all the many fine car related activities that take place during the weekend, our event affords an excellent vacation opportunity. Prince Edward Island was selected in July 2003 by Travel + Leisure Magazine as the Number 1 island vacation destination in North America. Want more information? Please check the Province's vacation website, www.peiplay.com, and look for the link that says "Prince Edward Island voted #1 Island".

We realize that many clubs and individual members are making their 2004 plans now so we wanted to be sure you are aware of the dates of our event. We look forward to seeing you in 2004!

Richard Veinot

A message from the Presidents.

Rhonda and I would like to wish everyone a Merry Christmas and lots of luck in the New Year!

We have had a wonderful time being involved in the executive operations of our Club and now we are making way for the new leaders and our elected VP's.

Les Garbutt and Danny Reilly will be taking over the reins on Jan 1st as your Jaguar and MG Presidents, respectively, with newly elected Vito Donatiello and Doug Hall as their VP's. We're sure that we can look forward to new ideas and enjoyment from their terms of office.

We would like to thank all of the executive members for their wonderful work and assistance in the running of our club, which would be impossible without their help. Thanks to Jennifer Orum for the membership, Afton Cayford - secretary, Cliff Davis - Treasurer, Anne Tilbury for the Roster, John Morse for the Slalom, Barry Mason for the advertising, Marcia VanWely as our JCNA representation and Regional Director plus Webmistress (!), Mike Powley and Wolf Rao for the Classical Gas publication & editing, Al Riches for the rallies, correspondence and MG librarian, Ron Moxham - Webmaster, Doug Carr as the Rally Coordinator, Simon & Donna Austin as the telephone committee coordinators, Jerry Parkhill as our historian, Doug Gale - SVABC rep. and Peter Tilbury and Joe Carroll as the NAMGAR and NAMBGR reps, respectively. If we have missed anyone at all - we sincerely apologise!

We enjoyed all of the annual Club events and look forward to just being in them next year! We hope that you all have enjoyed our time as Presidents and hope that you will continue to support our new Executive and the events that they will be producing.

Best wishes

Dave Williams and Rhonda Gale. Presidents CXKJR / CCMGC

1956 Jaguar for sale

Hello, I have this 1956 Jaguar MK VI I M for sale. It has (which I believe, 60,018 original miles). This vehicle belonged to an uncle who passed away. This car has been in the family since it was almost new, if not new. I have more pics and info. This car is a VERY solid car. The only damage is to the front quarter panel, as it was backed into while this car was under covering all these years. All trim, pieces and parts are there!! The only thing (to my knowledge) not attached is the bumper, head liner, some chrome-but it is all there! Thanks for looking, and if you have any questions, please call me. The new monthly magazine for those who own or enjoy Jaguar, Daimler and Lanchester automobiles.

Jaguar Heritage is the new monthly magazine being published with the exclusive collaboration of the Jaguar Daimler Heritage Trust (JDHT).

Jaguar is, without doubt, one of the most admired manufacturers in British automobile history producing cars which we all remember from the exotic curves of the SS100, or the amazing XK150 to the superlative E-Type.

JDHT, Executive Director, John Maries said, We are delighted to finally be producing the magazine which everyone has been asking for with articles and great pictures about this wonderful British manufacturer.

Publisher, Simon Beales comments Jaguar Heritage will be using previously unpublished material, to tell the story of the company and all the cars bearing the Jaguar, Daimler or Lanchester marque. Everyone has their favourites and we are looking forward to bringing them to you. It is often forgotten, that Daimler was the first manufacturer of cars in Britain, and we will feature over one hundred years of excellence.

Jaguar people are as famous as the cars, and Jaguar Heritage will be featuring unique stories on the individuals synonymous with this great British manufacturer for example the founder, Sir William Lyons; and the drivers, Sir Stirling Moss and the late Mike Hawthorn.

The first issue is on sale on January 16th, this 84 page, full colour magazine promises to be a must read for admirers and enthusiasts of Jaguar.

To subscribe to Jaguar Heritage and enjoy a saving of more than 25%, This offer includes 12 issues delivered to your door and a free quality slipcase delivered with issue 6 all for just \$93 in the USA.
