LITTLE CLASSICAL GAS

# JANUARY 2015 MARKET PLACE

A note from our very own Calendar guy:

Just to let you know that when I was in Metrotown last Friday I was able to pick-up a large format 2015 MG calendar (by Avonside Publishing in the UK ) from the Calendar Club store at their after Christmas sale price of \$10.19 plus tax.

Unfortunately this was the last MG calendar that they had, but there were still 2 Jag calendars at the Metrotown store (604-345-1424).

I asked them if they would check what was still available at their other stores in Metro Vancouver and they confirmed that there were 2 – MG and 1 - Jag at Oakridge (604-753-9273), plus 1 – MG and 3 – Jag at Guildford (604-787-1003).

Any member who wants one of these 2015 calendars, should phone the store direct!

## NEW AND RETURNING MEMBERS

Welcome to another year of great times with your fellow drivers and club members. There is a lot to look forward to and as always you are encouraged to take part in as many or as few events as you like. Informal Koffee Klatch drives; convoys to car shows across the country; picnics; train rides; men in kilts; parades; neighborhood car shows; garage nights; slaloms; rallies; there is truly something for everyone! Check the [jaguarmg.com](http://jaguarmg.com), Classical Gas, and the Newsletter and next month I hope to publish a list of links to other sites and clubs. If you have any questions, ask your executive or fellow members they have a lot to share.

### February 15 Octagon Open House

A reminder about the upcoming Open House at 1538 Venables Street, Vancouver, from 11 am to 1 pm. Come and enjoy coffee and donuts and a presentation by Service Technician Syd McNab on general safety issues and what to look for in a pre-purchase check. If there is time, Syd will also discuss basic tune-up tips – what to do if your car stalls or fails to start. Note that since Octagon closed their parts service last September, there will not be a sale of parts at the Open House as in previous years. For further information, contact Ed Hunt at [edhunt@shaw.ca](mailto:edhunt@shaw.ca) or 604-253-4145.

### March 1 Heathers Wine & Cheese

In honour of Nan and Bill Heather who have hosted the club's Wine and Cheese for many years. The event this year will take place at Danny and Francien Reilly's, starting at 2:00 pm on Sunday. Bring a bottle of wine to share. For info: Danny [dreilly@telus.net](mailto:dreilly@telus.net) or 604-941-3598.

### March 10 A Return of Mike's Collectibles Night?

For many years, Mike Powley organized the March membership meeting as an opportunity for club members to present innovative displays of models and/or other collectibles (not required to be car-related), trying to win the hearts of members voting for their favourites. First, second and third place trophies were presented. Chris Venning and John Clarke have offered to organize the Collectibles Night this year if there is sufficient interest from members willing to set up displays at the March 10 meeting. If you would be willing to participate and bring a display, contact Chris at [triogold@shaw.ca](mailto:triogold@shaw.ca) /604-462-8638 or John at [jcclassics@shaw.ca](mailto:jcclassics@shaw.ca) /604-291-1890 by **February 20**.

### **Judges Wanted!!**

The JCNA Judges Training Session will be held on **May 11** from 7 to 10 pm at the Burnaby Railway Club which is located just off the north end of Willingdon on Penzance, presented by Chief Judge, Les Garbutt.

There are a number of administrative changes this year including a revamp of the Championship, Driven and Special Classifications such that 7 classes are being deleted this year and amalgamated with other classes.

Current judges should plan to attend for recertification and to obtain new updated judges' manuals as there are about 50 revisions. Keep in mind that only certified judges are allowed to participate in sanctioned JCNA Concours events.

All current JCNA members are eligible for Judges' Training. If you are interested, you would be more than welcome to attend this Training Session. Please feel free to contact Tom Doyle at 604.892-4890 or by e-mail [tomdoyle@telus.net](mailto:tomdoyle@telus.net) to discuss your participation. There are lots of good reasons to become a certified Judge.

Our next Kaffee Klatch will be held on June 6th. Folks joining the Koffee Klatch on Saturday June 6 should meet at Delaney's Coffee Shop in the quaint Village at Park Royal South at 10:00 a.m. for a 10:30 departure. The route to Squamish will be along the scenic waterfront of West Vancouver, including some interesting detours along little known country roads. A stop will be made for a photo op. Leaving West Vancouver, the route will join Highway 99 to Squamish, where we will travel through the bustling downtown metropolis stopping for lunch at the Howe Sound Brewery. Saturday, July 11 the *Powley Prowl*

and a celebration of British Columbia's "Classic Car Appreciation Day".

The meeting point is Confederation Park in North Burnaby, located on Beta Avenue (2 blocks past Willingdon and north of Hastings. Get together at 10:00 AM for a departure of 10:30. There is an A&W on Alpha Ave and Hastings or a McDonald's on the corner of Gamma for your morning coffee (or post-coffee needs). The drive is about 1 hour and 15 minutes long and we finish up in the picnic area in Rolley Lake Provincial Campground which is located near Mission. [Rolley Lake Provincial Park - BC Parks](#) The idea is to have a picnic lunch and a chair is recommended since there may not be enough picnic tables for all of us. Organizers **Ric MacDonald** and **Larry Sharp** from CXKJC/CCMGC and the Morgan Club, contact [ricmacd@telus.net](mailto:ricmacd@telus.net)

### HERITAGE— it gets better every year!

This year the organizers have included a bit of something for everyone. The event starts with the **Welcome** reception on Friday night at the Seymour Golf and Country Club. Then on Saturday there is the **main event** —the **display** of our beautiful cars! Every year we are privileged to see some of the most unique, well preserved and stunning Jaguars and MGs in the Pacific Region. And we get to talk with their owners to find out what makes them so proud of their cars. This year too there are more diversions by way of the Veggie Race, Treasure Hunt, and the much anticipated "Cuppa Tea Luv?" - you'll want to check them all out and also check out the British motorcycles and the other British cars on display. So much to do and before you know it there will be the **Banquet and Awards** at our host hotel the Holiday Inn and Suites. Then on Sunday the Amazing Race (kind of) around the pylons at the Boundary Bay **Slalom**. And to finish off the weekend and the day after the slalom, a relaxing scenic drive and lunch at Morgan Creek Golf Course.

#### ALERTS TO THREATS IN 2015 EUROPE From JOHN CLEESE

**The English** are feeling the pinch in relation to recent events in Syria and have therefore raised their security level from "Miffed" to "Peeved." Soon, though, security levels may be raised yet again to "Irritated" or even "A Bit Cross." The English have not been "A Bit Cross" since the blitz in 1940 when tea supplies nearly ran out. Terrorists have been re-categorized from "Tiresome" to "A Bloody Nuisance." The last time the British issued a "Bloody Nuisance" warning level was in 1588, when threatened by the Spanish Armada.

**The Scots** have raised their threat level from "Pissed Off" to "Let's get the Bastards." They don't have any other levels. This is the reason they have been used on the front line of the British army for the last 300 years.

**The French** government announced yesterday that it has raised its terror alert level from "Run" to "Hide." The only two higher levels in France are "Collaborate" and "Surrender." The rise was precipitated by a recent fire that destroyed France's white flag factory, effectively paralysing the country's military capability.

**Italy** has increased the alert level from "Shout Loudly and Excitedly" to "Elaborate Military Posturing." Two more levels remain: "Ineffective Combat Operations" and "Change Sides."

**The Germans** have increased their alert state from "Disdainful Arrogance" to "Dress in Uniform and Sing Marching Songs." They also have two higher levels: "Invade a Neighbour" and "Lose."

**Belgians**, on the other hand, are all on holiday as usual; the only threat they are worried about is NATO pulling out of Brussels.

**The Spanish** are all excited to see their new submarines ready to deploy. These beautifully designed subs have glass bottoms so the new Spanish navy can get a really good look at the old Spanish navy.

**Australia**, meanwhile, has raised its security level from "No worries" to "She'll be right, Mate." Two more escalation levels remain: "Crikey! I think we'll need to cancel the barbie this weekend!" and "The barbie is cancelled." So far no situation has ever warranted use of the last final escalation level.

**John Cleese**, British writer, actor and tall person And as a final thought - Greece is collapsing, the Iranians are getting aggressive and Rome is in disarray. **Welcome back to 430 BC**

## KRUISE FOR KIDS TOY RUN

NOVEMBER 1st

Kruise for Kids was started more than 30 years ago and is the car driver's equivalent to the much publicized Motorcycle Toy Run. It is an opportunity for Car Clubs to get together and drive with their [unwrapped] toys to a central location and donate them, as a group, to the Lower Mainland Christmas Bureau. Cash donations are also given and appreciated by the LMCB. For more than 10 years this has been our club charity and has enabled us to apply for grants and donations to our events such as Heritage. For the past 5 years your generosity and Doug's relentless nagging has earned us the distinction of being the club with the highest cash donation. (The monthly meeting charity donations are included in our donation.) Other clubs are getting closer but so far we have maintained our position! Thank you everyone for your support—we look forward to seeing you either at the beginning of the drive or at the Langley Convention Centre . Poster attached.

## NOVEMBER MEETING

TO  
MONDAY  
the 9TH.

Same time, same place.

## LONDON TO BRIGHTON COMMEMORATIVE RUN, NOVEMBER 1

The first run took place on 14 November 1896 and was named "The Emancipation Run". Among other changes, it celebrated the increase of the speed limit to 14 mph (23 km/h). Since 1878 the speed limit had been 4 mph (6 km/h) in the country and 2 mph (3 km/h) in the town. Imagine how long it would take if the current run dawdled along at 14 MPH! For information contact Walter Reynolds 604.463.6305

**Max.  
14 MPH**

Iain Ayre from the Mini Club notified me that he's running a night navigation event for the Mini Club on October 17. He's inviting other clubs along as well. The theme of his "Twilight Navigation Run" is to stop at various points around Vancouver as dusk falls and to admire the city and its vistas. The route is on the home page of his website [www.miniresto.com](http://www.miniresto.com) Anyone wanting further information can contact Iain at [ayre@dccnet.com](mailto:ayre@dccnet.com)

## **A few books from the library of Cliff Davis:**

These books can be yours for a donation to the 'Cruise For Kids'. See Rhonda at the next meeting.

Chilton's Repair and Tune Up Guide for Jaguar 340,420,420G,XKE and it can help with 120,140,150 and 150S. Pub. 1969. Better than an owner's manual but not an overhaul manual, it is none the less full of information.

Haynes Jaguar XJ6 '68 to '73 manual, series 1,2,3 6cyl. only. Pub. 1980, as new.

The Money-Wise Guide to Sports Cars. Pub. 1982. I don't know whether to laugh or cry. The world of sports cars in 1970-80 with lots of advice and history.

Assorted glossy Jaguar glossy brochures, mint cond, 1993 to 2003.

**Thelma is letting things go, although she's not ready to heave out Cliffs stuff wholesale yet. There will be more and she's happy with it going to the kids. [from Joe Carroll]**

For Sale: Peter Lamb along with Ken Leighton started the MG Club in Calgary in the 70's.

Before his death in the 80's Peter had purchased a 1953 MG TF and was in the process of stripping it down and re-building it. His wife, Linda Lamb has had the vehicle stored (in pieces) in her double garage since then. Linda and I have been together since 1990. The photo attached is taken from an MG book and it is similar to this photo.

As mentioned, the MG is in many parts in our garage but nothing is missing. Peter had the MG delivered to his house on a flat bed but did drive it prior to dismantling it. So it was in running condition.

We are now in a quandary as to what to do with it and was wondering if any of you or your members would have any suggestions or offers.

It would make the most sense I suppose if the MG club of Calgary / Red Deer / Edmonton were interested in helping us restore it and then split the proceeds if sold. Would anyone or any club outside the province be interested in having all the parts (wood chassis included) shipped to them so they can do the same? Or is anyone interested in just buying it as is? If anyone is interested in helping us to get this vehicle in the hands of someone who will restore it and get use of it, that would be great.

Thank you,

Ronald Scott, Calgary, AB, Canada Cell [403-540-3951](tel:403-540-3951)

## **Classical Gas: Two Ways to Read It**

A reminder that members have two ways to read the bi-monthly *Classical Gas* magazine: as a hardcopy printed version, and/or it can be accessed online on our club website. We post the most recent nine issues of *Classical Gas* online - they can be accessed by going to the Home Page of our club website [www.jaguarmg.com](http://www.jaguarmg.com) and clicking on the thumbnails of the covers.

There are some members who have decided to read it only online. If you have been receiving the hardcopy printed versions (either picked up at a club meeting or mailed to you) and now want to access it only online, please notify me.

# Other Items of Interest

JCNA Volunteer Opportunity Available: [Northwest Rep on the Membership Committee](#)

JCNA has a number of important committees to deal with key issues of the organization, with the Membership Committee (MC) focusing on matters related to the recruitment & retention of members. The MC consists of 1 or 2 reps from each of the six JCNA regions and I have served as the Northwest representative on the Committee for the past two years. I have resigned my position due to my responsibilities in CXKJR/CCMGC and my involvement in the JCNA Special Awards Committee. JCNA is therefore looking for one or two new MC members from the Northwest (which includes CXKJR, the Pacific Jaguar Enthusiasts Group, the Jaguar Car Club of Victoria, the Seattle Jaguar Drivers & Restorers Club and the Jaguar Owners Club of Oregon.) The MC meets every two months via a phone-in conference call on Saturday morning at 11 am Eastern Time. Membership Committee members act as communication links between the MC and the Membership Coordinators in each of the region's clubs. Examples of topics dealt with by the Membership Committee over the past year: the new member application & welcome process, the JCNA Member-at-Large process, the new membership brochure, membership-related resources on the JCNA website, a Roadmap for Forming New JCNA Clubs and a Best Practices document. This is a very active group committed to maintaining & expanding JCNA membership in creative and new ways. If you are interested in finding out more about the Membership Committee and possibly volunteering to join it, contact me at [jlorum@shaw.ca](mailto:jlorum@shaw.ca) or 604-880-7598. [Jennifer Orum]

## 2015 Heritage Survey

[This is for both members who participated in Heritage 2015 and those members who did not. If you didn't take part this year, we would appreciate finding out why - and thus there are a couple of questions on the survey that apply to non-participants, and you can skip the rest of the questions.]

For those that did attend Heritage this year, we would like to hear about your experience with this year's event and would appreciate you completing a simple online survey. It will be useful to know what you thought about any of the events you took part in, and particularly a number of new things we introduced this year. This feedback will be useful to those planning Heritage in 2016 and beyond. The survey is easy to complete. In addition to multiple-choice answers, you can add written comments on any of the questions if you wish. You can also skip any items that aren't applicable. You are not required to provide your name, but if you include your name and email at the end of the survey, your name will be entered in a prize draw. There will be two prizes awarded in the draw this year - Entertainment 2016 coupon books for the Vancouver & Fraser Valley area. If you win one of the prizes but live outside the Lower Mainland, you can use the book when you return to Heritage next year.

The link to the survey is: <http://jaguarmg.com/heritagesurvey.shtml> It would be helpful if you could complete the survey by October 18.

If you do not have a computer you can pick up a printed copy of the survey form at the October 13 membership meeting, or contact Jennifer Orum at [jlorum@shaw.ca](mailto:jlorum@shaw.ca) to request one be sent to you. It would be helpful if as many participants as possible do the online version, since the results are automatically tabulated. Should you have problems completing the survey online, contact Mike Harford at [mharford@telus.net](mailto:mharford@telus.net)

Thank you for your assistance.

**The Jaguar E-Type has been chosen as the Best British Car ever** in a worldwide voting poll. The poll, which received thousands of votes, saw as many as 100 key figures from the classic car world decide the final shortlist of cars. Even before receiving this award, the Jaguar E-Type was already unquestionably one of the most iconic cars to ever be built in Britain. Originally unveiled to the public back in 1961, Jaguar originally intended to make the E-Type as purely a race car, but it instead developed into a grand tourer available in open two-seater or fixed-head coupe body styles.

***Ferrari's founder, Enzo Ferrari, famously called the E-Type "the most beautiful car ever made".***

Mike H. has indicated that the online Heritage Survey has remained open and is still available to complete. There are only a little over 50 respondents to date, so please take some time in the next two days to complete it. It takes under 2 minutes.

**\*Wanted:** A car lift for home use. One suitable for storage would be preferred. That way I could sneak another car in the garage, throw a cover over it and my wife might not notice. Thanks, Mike

**EVENT:** Wanda Doyle will be joining 130 other North Shore Artists Guild artists at the Parkgate Community Centre in North Vancouver for the Annual One Day Only Fine Art Sale, Sun Dec 6, 10 - 5:00 p.m. Free parking. [www.nsartists.ca/wandadoyle](http://www.nsartists.ca/wandadoyle)

**\*For Sale (book not car):** Over the past three years I have been building a "Jaguar Race Special" using an abandoned XK 140 and all of its mechanical components. The car is absolutely original except for the body, which as you can see in the attached photo is our concept of how a 1950's Jaguar Special would have looked.

My purpose in contacting [your club] is to publicize the book which I have written about this adventure, in the hope that you will bring this to the attention of your members. The story of this project is described in great detail with 180 + pages, mostly in four colour, describing how we dissassembled 817692 and built the

Kingston Jaguar Race Special. I have included a photo of our test site at the ex WWII Canadian Aerodrome close to my home and a brief description of this adventure. This unique book is excellent value and sells for \$95 plus \$19 packing and postage, for a total of \$114. Warm seasonal regards from
