ONLINE HYBRID MEETINGS

For the March 8th Club Meeting, we experimented with a hybrid meeting model where the meeting was held in-person at the clubhouse and online via a Zoom session. The intention was to try the model out to see what challenges occurred and then ask the participants how we could improve. The meeting itself went off without a hitch and we had 8 online participants and approximately 60 people in person. In a survey sent out after the meeting, participants suggested several improvements and we are implementing changes to address their suggestions.

The club will continue to offer the hybrid option every month so keep an eye on the Zoom meeting links appearing in Little Classical Gas. If you have any questions or would like to offer further suggestions, please feel free to contact David Crouch at motorminder@gmail.com.

**RIDE FOR HOPE
SATURDAY JUNE 17, 2023**

The Salvation Army Ridge Meadows Community Services programs serve over 1000 individuals and families a year with essential, basic necessities.

Departing at the Maple Ridge Baptist Church, beginning at 9:30am, riders will follow a guided ride along Dewdney Trunk Road, with stops for "social media opportunities" and refreshments at Harrison Hot Springs. Remember to tag us in your posts and stories and like our page before you ride (@TSARidgeMeadows)!

Cost of entry is only \$25 and includes a burger and drink at Memorial Park in Hope, B.C. The park (and Rambo statue) will serve as our end-point for the ride, after which point riders are free to carry on through Manning Park or Highway 1, return back to Maple Ridge or wherever they call home.

Registration is open to motorcycles and classic cars this year, so it would be awesome to see some, MG and Jaguar participation.

Set of 4 Jaguar XJ 19" Rims

Norman Sung has some rims for sale, details below:

My friend just bought an extreme low milage X350 from US auction and a set of rims separately which are for 2010-2019, later model of XJ. Among the four rims set the rear rims are wider like an inch. See attached photos.

The set seems not fit into the X350 anyway. My friend is a kind of disappointed. The rims condition are like mint as was lightly used with further refurbished upon arrival in Vancouver recently. A very beautiful and aggressive turbine look design. Genuine Jaguar Alloys C2D4499 C2D4500

Asking for \$3k.
