For many years Mike Powley organized the March membership meeting as an opportunity for club members to present displays of models and/or other collectibles (not required to be car-related). The 2021 Collectibles Night is being planned, based on the assumption that the March 9 membership meeting will be an online Zoom meeting. RESTORATION PROJECT  
340 Mk II Jaguar**

I've had the car for about 10 years, I'm the second owner and purchased it in as project. It's reasonable sound, good rocker panels. It's reasonably sound, all rust is repairable by an a practiced amateur.

It's entirely complete, all of the interior, trim etc. is safely stored. It did run fine, no smoke, knocks etc. but that was a quite a while ago. It has a louvered bonnet but comes with a second bonnet. It also comes with some replacement items for the rear suspension.

I was hoping to complete it over the winter ( COVID = staying at home this winter) but my workspace is filled up.

If you could forward it to anyone who you think is a restoration enthusiast I'd be happy to provide all the information.

I have an asking price of \$3800.

## **How I Met My Valentine**

### **February 9th Club Meeting**

Les Garbutt will be hosting the How I Met My Valentine - Match up game.

Several club members have provided a short write up on how they first met their Valentine. Participating couples will be listed in random order and people will guess which "How I Met My Valentine" matches which couple. Correct answers will be displayed after which participants can see how many they got correct. Winner(s) will be determined using the honour system count down. I.e. Did anyone get all correct?, One wrong?, and so on. Prizes yet to be determined.

## DRIVE YOUR MG OR JAGUAR DAY

**Saturday May 1st, 2021**

For more than a decade, the first Saturday in May has traditionally been the day for members of NAMGAR Clubs in North America to get in their cars for a drive. Members of CCMGC and CXKJR have participated in this drive and submitted photos to the Editors of Classical Gas and NAMGAR's MGA! magazine.

For this year's drive, you will have a choice of three starting points – North Vancouver, or North Surrey (both starting at 10.30am), or the Burnaby Lake Club House (11.00am start). This is in the tradition of the early Monte Carlo Rallies, which had cars starting from different cities in different countries.

Please pre-register for this year's event by emailing [patilbury@shaw.ca](mailto:patilbury@shaw.ca), indicating:

the make and model of your car,  
the names of the people in your car,  
a contact cell phone number, and  
your choice of starting point

All COVID-19 protocols are to be followed, and when parked at the start and finish parking lots, we ask that you leave an empty parking space between your car and others, and you remain in your car.

If you have any questions, call 604.889.5067 for more information. Registration opens April 19th, and is restricted to a maximum of 25 cars for each starting location. This event goes ahead rain or shine. Route notes will be emailed to you after you have registered.

A question from one of our members: Steve Pink—[smp1876@hotmail.com](mailto:smp1876@hotmail.com)

My 2005 Jaguar XKR qualifies for collector plates (15+ years old and limited model production run of less than 1,500) but ICBC wants proof of that year's production run numbers which I believe to be about 1,000. They won't accept Wikipedia as a source.

Any help would be appreciated.

Details remain tentative at this time due to forthcoming changes to pandemic restrictions; as the situation in July and August becomes clearer we will share details with members via Little Classical Gas. Both runs are subject to health guidelines in place at the time.

## CLASSICAL GAS CONTRIBUTIONS WELCOME

**COVER:** The July August Classical Gas will have a Jaguar on the cover. If you have a high resolution, vertically oriented photo of your Jaguar, please consider submitting it.

**RACING:** Have you ever raced an MG or Jaguar? If so, why not write an article about your racing adventures?

**TECHNICAL ARTICLES:** It seems we have more MG technical articles submitted than Jaguar tech articles. While we welcome both, it would be particularly helpful if we could have more Jaguar ones.

**NEW FEATURE:** If you have a Jaguar and an MG, we are starting a new feature in the July August issue about club members who have both marques.

If you are interested in contributing any of the above, please contact Classical Gas Senior Editor Jennifer Orum at [jlorum@shaw.ca](mailto:jlorum@shaw.ca) before sending in any submissions.

## ANNOUNCING THE BC COLLECTOR CAR DAY RUN

**Sea To Sky History Cruise Part I – Saturday July 10**

Come celebrate B.C. Collector Car Appreciation Day with a drive on the spectacularly scenic Sea To Sky Highway. Starting point is West Vancouver ending at Squamish with an exclusive lunch at the Wigan Pier Restaurant.

Our run will start from the parking lot behind Home Depot at Park Royal Shopping Centre in West Vancouver. We will take a brief walk from there to the mouth of the Capilano River for our first history talk, so please wear comfortable walking shoes.

From West Vancouver we will proceed north to Britannia Beach where we will stop for our second history talk.

We will then continue on to the waterfront in downtown Squamish for our third history talk, and then on to the Wigan Pier Restaurant who are opening their doors exclusively for us to enjoy a lunch of fish and chips (cod or haddock – halibut is currently unavailable due to the worldwide shortage).

This event is strictly limited to 60 people, and pre-registration by 9:00 P.M. on Thursday July 8 is mandatory. Please do NOT show up without registering. Participation will be on a first come, first serve basis. Visit our website at [www.jaguarmg.com](http://www.jaguarmg.com) to register; no payment is required. You will receive confirmation and drive details on Thursday evening. Required information: Driver name, phone number, number of passengers, vehicle description, and lunch confirmation.

## THE BC COLLECTOR CAR DAY RUN (Contd)

The province is now at Stage 3 of pandemic regulations which specifies “return to usual on indoor and outdoor personal gatherings”. Please keep in mind that people are currently at different comfort levels as restrictions are eased, and some people are still managing pre-existing health concerns during the pandemic. Masks are now optional, but it would be a good idea to bring one with you as we will be assembling outdoors three times for the history talks, and you will need to be within earshot to hear what is being shared.

By registering the participant knows, appreciates and understands the risks associated with attendance of the event given the COVID-19 pandemic and indemnifies and holds harmless the Jaguar MG Club for any loss and/or damage whatsoever arising from attending the event. Please do not attend our drive to Squamish if any of the following applies: you have a fever, cough or difficulty breathing, you have been outside the country in the past 14 days, you have had or been in close contact with a confirmed or probable case of COVID-19.

We look forward to seeing you and your car on July 10. For further information please contact the event organizer Timothy Horton at [thorton@telus.net](mailto:thorton@telus.net) or (604) 922-1856.

## JAGUAR / MG CLUB FALL DRIVE

SUNDAY, OCTOBER 17, 2021

Starting from Vancouver's Locarno Beach the route will run around Point Grey then through Richmond, Surrey and Langley to arrive at the Glass House Estate Winery on 0 Avenue for Lunch.

**FALL DRIVE REGISTRATION:** Please go to [www.jaguarmg.com](http://www.jaguarmg.com) and look for the link on the main page to register.

Driving instructions will be e-mailed to Club members registering for the drive.

**Time:** Gather at the Locarno Beach Sasamat Street Parking lot after 10:15 for a 10:30 start. Drive time should be around 1 hour and 45 minutes.

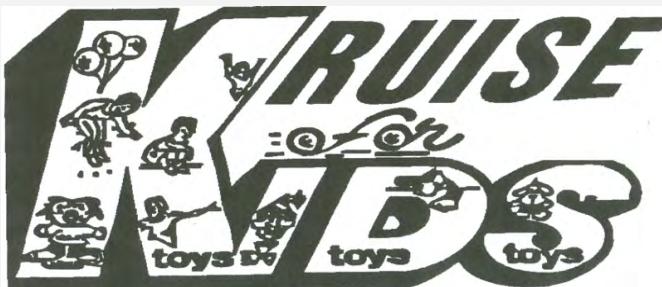

**The Glass House:** The Glass House is expecting the Jaguar / MG group for lunch at 12:30. You can read more about the Glass House and their menu at: [www.glasshouseestatewinery.com](http://www.glasshouseestatewinery.com)

**Note:** We are limited to 30 people seating for lunch at the Glass House. The first 30 people to register will be accommodated for lunch at the Glass House. Additional people can have lunch at the Chaberton Estate Winery which is 8 minutes drive from the Glass House. Information about the Chaberton can be found at: [www.chabertonwinery.com](http://www.chabertonwinery.com). You will be notified if you are in the first 30 people grouping. If people drop out from attending the run, those in the over 30 group may be accommodated for lunch at the Glass House. You may be requested to show your BC proof of vaccination by the restaurants if you choose to join the group(s) for lunch.

Our driving route will take us past the Campbell Valley Regional Park. For those who prefer to have a picnic lunch this may be a nice place to stop.

By registering the participant knows, appreciates and understands the risks associated with attendance of the event given the COVID-19 pandemic and indemnifies and holds harmless the Jaguar MG Club for any loss and/or damage whatsoever arising from attending the event. Please do not attend our Fall Drive if any of the following applies: you have a fever, cough or difficulty breathing, you have been outside the country in the past 14 days, you have had or been in close contact with a confirmed or probable case of COVID-19.

We look forward to seeing you and your car on October 17th. For further information please contact the event organizer Mike McChesney at [michaelmcchesney57@yahoo.com](mailto:michaelmcchesney57@yahoo.com) or by phoning (604) 316-1175.

Kruise for Kids started in 1984 as an opportunity for lower mainland car clubs to stage an event similar to the Motorcycle Toy Run where the clubs could get out and decorate, drive and show off their cars as well as raise money and toys for a good cause. In 2020 there were over 200 cars, many of them decorated and the event raised over \$21,000 and collected over 700 toys. The toy count is always an estimate but sufficient to say the toys more than half filled a 5 Ton cube van and in speaking with Chris Bayliss of the Christmas Bureau he was very happy with the variety and quantity of the toys.

Although this year it will once again be a drive through event at Don Preston Arena in Langley it is still a great time to come and check out the hot rods and vintage cars and possibly come away with a T-shirt you can proudly wear on Christmas morning. Details are on the poster and on the website [www.kruiseforkids.com](http://www.kruiseforkids.com) Once again thank you to the club and the many members who [will] give generously, we'd love to see you there this year on the first Sunday in November. Please call Doug 604.521.3021 for further information. Donations via e-transfer can be sent to [rhonda-gale@ymail.com](mailto:rhonda-gale@ymail.com), use Santa as the secure answer or you can send a cheque to Doug at home – 7970 11 Avenue, Burnaby V3N 2N6 Cheques should be payable to LMCB or Lower Mainland Christmas Bureau – for donations of \$15+ they will issue a tax receipt!

Merry Christmas to all!

# Classical Gas

## Time for Thank You's

Jennifer Orum, Classical Gas Senior Editor

Thanksgiving provides an opportunity to think about how grateful we are for what we have and who we need to thank for making it possible. This is certainly true for Classical Gas, which has played an important part in the success of CXKJR/CCMGC for fifty years, due to the contributions of many.

Our current Classical Gas Advisory Committee, which has been meeting monthly since December 2020, has approached many challenges with an attitude of innovative problem-solving. The group, consisting of Les Garbutt, Malcolm Reith, Rhonda Gale, Mike Harford, Steve Collins, Charles Boname and me, has used a series of brainstorming and marketing strategy sessions to identify stakeholders, club demographics and other relevant characteristics of our membership. It has established priority actions to improve the financial situation and the publication quality of Classical Gas, and has overseen the implementation of a number of them.

Our Classical Gas team includes Distribution Coordinator Rhonda Gale, Classical Gas Ad Manager Steve Collins, Website Administrator Mike Harford, Contributing Editors Rod Maides & Joanne Gaspard, and Pat & Lisa Holmes who maintain the Classical Gas Archives. Their work behind the scenes allows us to fund, produce and deliver the magazine to our members, plus maintain a very useful history of our club and its activities.

The majority of Classical Gas content comes from our membership with many contributing articles and/or photos. Particular thanks go to those who write for and supply photos to Classical Gas on a regular basis which include, but are not limited to, Carole Borgens, Les Garbutt, Allan Lawrence, Mike McChesney, Ian & Doreen Newby, Bob & Marie Sherman, and Peter & Anne Tilbury. Many other members write articles, this year including our two Presidents Ken Magnus & Robert McCullough, plus Troy Bell, Roy Davy, Tim Horton, Graeme Menzies, Suzanne Spohn and Norm Stanley. And we would not have nearly as many photos of club events, if it were not for our roving photographers Jim & Maria Severs.

The current status of Classical Gas is to a great extent due to our advertisers whose ad payments allow us to produce a professional-looking publication. Many have been with us for a decade or more and we are very grateful for their support. We ask members needing service or parts for their Jaguars, MGs or other vehicles to review our list of advertisers and take advantage of their offerings. Members who use any of our advertisers' products or services are encouraged to mention that they saw their ad in Classical Gas.

And not to forget Infigo Imaging, the design company that does the layout, printing and mailing of Classical Gas. Working with us for ten years, they often go an extra mile or two to ensure the magazine looks good and gets produced and delivered on time.

It takes a relatively large and committed group of people to consistently provide our members with an award-winning publication. My heartfelt thanks goes to all of them.

The September October issue of Classical Gas has been published earlier than usual. You will notice a Preliminary Draft of the Club's November 9 AGM has been included in the issue. Just to alert you to a little glitch – while the AGM will be a Zoom Meeting as is referred to in the notice title, reference is also made to the Burnaby Lake Clubhouse in error. The AGM will not involve an in-person meeting at the Clubhouse. [Jennifer Orum, Classical Gas Senior Editor]

# CLASSICAL GAS ARCHIVES

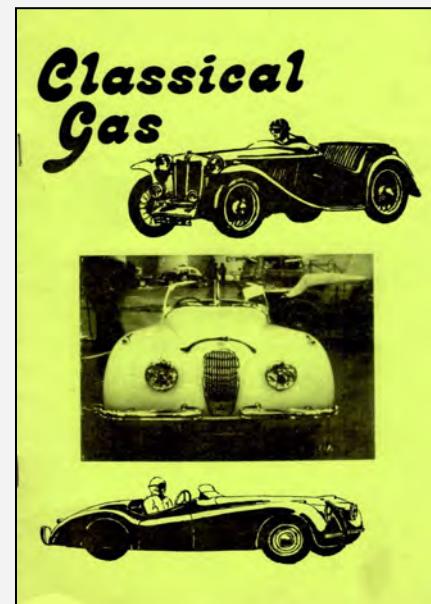

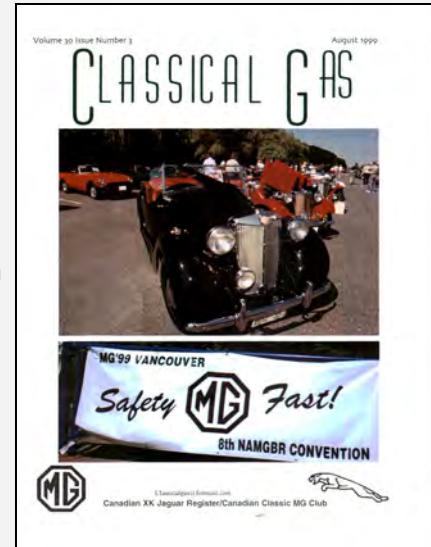

Our club's Classical Gas Archives are being overseen by CCMGC members Pat and Lisa Holmes, who took over the responsibility in 2014. The Archives include issues back to Volume 1 in 1970, but there are quite a few issues missing over the years.

The two issues pictured here are the May 1974 edition from the early years and the August 1999 issue. It is interesting to see that in 1999, our club hosted the North American MGB Register's MG1999 event.

Having 50 plus volumes of Classical Gas issues provides a fascinating and comprehensive record of our club's past. We would like to fill in the missing issues to create a more complete history.

Do you have a stack of older Classical Gas issues in your attic or storage, particularly from before 2013? If you do and if you'd be willing to donate some of them to our Archives, please contact me and I will send you the list of missing issues. Thank you!

## TONY COX MEMORIAL WHIMPER WONDERLAND RUN SATURDAY, JANUARY 1ST 2022

For the eighth year, Club members will have the opportunity to blow away the cobwebs of 2021 in a drive on New Year's Day. The 2022 Whimper Wonderland Run, started by Tony Cox in 2014, encourages topless driving in all types of weather. Tony was a member of CCMGC, and was also a member of the Langley Mostly British Club (LAMB) and the Old English Car Club (OECC), and members of these Clubs will be invited to join the CCMGC and CXKJR. We will also be inviting the Vancouver Mini Club to join us, as they did last year.

Cars are asked to assemble around 10.30am at the Chevron station at 8th Avenue and 176th Street in South Surrey, for an 11am start. This year we will end the Run at a pub for lunch around noon. Of course, all Covid 19 protocols will be adhered to, and vaccination status and IDs will be checked at the pub before entry.

This event will go ahead rain or shine, and has only once been cancelled when the roads were covered in snow. Drivers and co-drivers are encouraged to wear unusual head gear in an attempt to keep their brains warm. Numbers will be limited, so you are asked to indicate your intention to participate in this Run by emailing the make and model of your car, the names of the car occupants, and a contact cell phone number to Peter Tilbury on [patilbury@shaw.ca](mailto:patilbury@shaw.ca).

We look forward to seeing you on January 1st, and to having a mix of British cars on this event.

If you need more information, please call Peter and Anne Tilbury on 604 889 5067.

## YOU CAN PICK A CLASSICAL GAS AWARD WINNER

The CXKJR/CCMGC Classical Gas Awards program was established in the fall of 2009, with the first awards presented in 2010.

The Classical Gas Advisory Committee decided it would be appropriate to introduce a new award this year, the Classical Gas Members Choice Award, where the recipient will be decided by the club membership. Members can choose an article that has appeared in any of the six 2021 issues. Rhonda Gale is overseeing the Members Choice Awards process, so please send your choice to her at [rhondagale@ymail.com](mailto:rhondagale@ymail.com) no later than December 28.

## IN MEMORIUM

# NAN HEATHER—1933—2021

Nan Heather (1933-2021) passed away on Nov. 25th. In 1969 Nan and her husband Bill became charter members (#008) of our club and participated in concours and rallies throughout the NW Region with contagious enthusiasm. For many decades they graciously hosted the Wine and Cheese event at their lovely home. Nan was a highly intelligent, feisty lady who epitomized class while attracting admiration and respect from all who knew her. As a couple they radiated elegance at many a Heritage banquet, Bill in his bespoke pink or lavender sports jacket with Nan in a stylish dress displaying her signature Parisienne hosiery. They won many awards over the years for both their MGB roadster and their E-Type 2+2, and were instrumental in guiding the Clubs' evolution.

Nan will be very sadly missed by her many friends for her inspiration and love.
