Whimper Wonderland 2024

Thank you to all the Club members who came out for the 2024 Cox Memorial Whimper Wonderland Run on New Year's Day. The blue skies and dry roads tempted a record 92 people in 52 cars to participate. There were 14 MGs, 11 Jaguars, 7 Minis, 5 Triumphs, 4 Morgans, a Rover, a Lotus, a Morris Minor, a Range Rover, and a Jensen on this year's Run (along with a few Brand Xs).

Thank you to the Cox family for the prizes for the "best hat" and the pub quiz winners. We were joined by members of the OECC, LAMB, and the Vancouver Mini Club.

SUPER BOWL PARTY AT THE NEWBY'S

FEBRUARY 11, 2024

1:00 p.m. onward

Join the fun from 1:00 pm onward for the 21st annual Super Bowl Party at the Newby's in Aldergrove. The event is a potluck, so bring a dish to add to the feast and enjoy the game and the camaraderie.

A reminder - it's not a requirement to like football. For those who will be following the game, new this year is a 100" state of the art TV with surround sound to create a true theatre experience. There's always a number of interesting Jaguars and MGs to view at the Newby Estate.

This year there is also a recent addition to the growing air force - three Grumman Tracker aircraft from the HMCS Bonaventure aircraft carrier. If there is interest from the attendees, there will be the opportunity to tour parts of the vast collection of military vehicles and uniforms.

For more information on the party, call Doreen or Ian at 604-985-4020

Are You Planning to Drive Long Distances in Your Classic in 2024?

CXKJR/CCMGC is a member of the British Car Council of Canada and thus award opportunities become available to our members. Each year the Council offers Long Distance Awards to club members who have driven at least 3,000 miles (4830 kms) in their classic British car between Jan 1 and Dec 31. If you drive two classic cars, you can combine the mileage you've driven in both of them to come up with a total miles driven. Classics do not include British cars considered to be daily drivers unless they are 15 or more years old.

If you think you might drive at least 3000 miles in your classic British car(s) in 2024, take a photo of your odometer on January 1, 2024 or if you have your classic in winter storage, take the photo before you take her out for the first time in the spring. If you end up driving at least 3000 miles in 2024, you will then need to take a photo of your odometer on December 31, 2024 or when you put the car away for the winter. Any member who ends up driving the required 3000 miles in 2024 will be nominated by the CXKJR/CCMGC Executive for a British Car Council of Canada Long Distance Award.

**VALENTINE'S DAY
14 FEBRUARY**

Our February meeting at the Clubhouse will have a Valentine Theme.

DOES YOUR JAGUAR OR MG HAVE A NAME?

Many classic car owners have nicknames for their cars, which can be serious, whimsical, humorous, mysterious. Starting with the January February Classical Gas, we will be doing a series of articles where CXKJR/CCMGC members describe the reasons why they have chosen a particular name for their Jaguar or MG. If you have a nickname for your classic, send me the year, make & model plus the reason for your name choice (up to 50 words) to jlorum@shaw.ca.

POTENTIAL AUTOJUMBLE EVENT LAMB

Greetings British car enthusiasts. The Langley Area Mostly British (LAMB) car club for the past 16 years have organized an event to allow car owners an opportunity to sell new and/or used parts that are no longer needed or to clear out the garage.

In 2023, due to lack of interest, the LAMB cancelled this event. This was disappointing to some British Car Clubs which resulted in some requesting a joint venture.

While LAMB is open to this concept, major considerations are: (1) lots of parking, (2) ample room for at least 30 tables (inside), (3) an adjacent kitchen for a concession; (4) washroom facilities, and (5) a central location,

The Executive Committee is requesting that you forward this message to your members to solicit their interest to either (1) rent a table to sell, or (2) to attend as a buyer.

Please present this idea at your next monthly club meeting or forward this message to your members for input.

If you have any interest in participating please email Eric Hutton at echutton@gmail.com and he will pass it along to Linda Spouler at LAMB by April 15, 2024.

CXKJR/CCMGC Members –

Have you had work done at RWM & Co over the past 10 years?

There are many reasons why our Club's bimonthly magazine Classical Gas looks like a professional publication. Among them is the income we receive from our over 25 advertisers, both local and international. Having ads also allows us to give our members the choice to receive a printed copy of Classical Gas, not a common option in the digital world.

Ever since COVID hit in 2020, bringing with it economic challenges, it has not been as easy as in the past to get advertisers to renew. Many CXKJR/CCMG corporate advertisers and supporters are re-evaluating the placement of ads in car club publications generally; they want to see value for their money.

While several long-term Classical Gas advertisers have questioned whether they should continue their ads with us, in most cases we have succeeded in making the case that being in our magazine gets results. Several times we have asked our members for information re whether they have used the products or services of a particular advertiser. This provides us with concrete evidence of value to an advertiser.

Within a few months of the RWM & Co Vintage and Classic Restoration shop opening its doors near the Boundary Bay Airport in 2013, they placed an ad in Classical Gas. Over the past decade, it's clear many of our members have taken advantage of their services. As background to our request to have their ad continue in Classical Gas, we'd appreciate hearing from members who have had work done at RWM & Co. The following would be useful information:

- Approximately when the work was done
- Year, make and model of the car
- General description of the work
- Approximately how much the work cost

Please send this information to me at jlorum@shaw.ca by **April 15**.

Thank you for your assistance!

SEATTLE JAGUAR CLUB

APRIL 27-28, 2024

Great drive planned to get out and stretch that Jaguar. We will all meet in North Bend at the McDonald's. We will depart from there at 8:00am on April 27th. That address is 735 Mount Si Blvd, North Bend, WA 98045. From there we will caravan across on I-90. We will stop for lunch at Anthony's in Spokane with a great view of the Falls. There will be a chance to wander around the Riverfront Park if you want to stretch your legs.

Then we head up to Priest River, Idaho. The scenery up at Priest River is amazing. We are staying at the Eagle's Nest Motel. The number to call is 208.448.2000 and let them know you are with the Seattle Jaguar Club. Here is a link to their website so you can see what your room choices are before you call [Available rooms - Eagle's Nest Motel \(eaglesnestmotel.com\)](http://eaglesnestmotel.com). They are very low tech so don't expect a confirmation number. Rate is \$119 for a room with a King bed.

We will have dinner at the Settlement Kitchen + Craft Tavern in Priest River on Saturday night. Check out their menu [The Settlement Kitchen and Craft Tavern — Priest River, ID Restaurant and Bar \(thesettlementpr.com\)](http://thesettlementpr.com)

After breakfast on Sunday we will visit the Priest River Museum. Then we caravan home on April 28th, wishing we had more time to linger in this beautiful area.

To register go to [Overnight Drive to Priest River Idaho | Seattle Jaguar Club \(seattlejagclub.org\)](http://seattlejagclub.org)

For questions, contact Randy Pickett randypickett@hotmail.com 253.258.6418

If anyone in your club is interested in joining us they can either meet us for lunch at Anthony's in Spokane or maybe just meet us at Priest River, Idaho on Saturday evening. Or join us at the beginning of our drive in North Bend, WA. Anyone can email us directly to discuss options.

POTENTIAL AUTOJUMBLE EVENT

LAMB

Greetings British car enthusiasts. The Langley Area Mostly British (LAMB) car club for the past 16 years have organized an event to allow car owners an opportunity to sell new and/or used parts that are no longer needed or to clear out the garage.

In 2023, due to lack of interest, the LAMB cancelled this event. This was disappointing to some British Car Clubs which resulted in some requesting a joint venture.

While LAMB is open to this concept, major considerations are: a venue that provides (1) lots of parking, (2) ample room for at least 30 tables (inside), (3) an adjacent kitchen for a concession; (4) washroom facilities, and (5) a central location,

The Executive Committee is requesting that you forward this message to your members to solicit their interest to either (1) rent a table to sell, or (2) to attend as a buyer.

Please present this idea at your next monthly club meeting or forward this message to your members for input.

If you have any interest in participating please email Eric Hutton at echutton@gmail.com and he will pass it along to Linda Spouler at LAMB by April 15, 2024.

Many thanks to all the members that contributed used clothing at the last members' meeting.

Everything was taken in one day by the people of Odd Fellows Hall. It was greatly appreciated.

COFFEE KLATCH

What is a Coffee Klatch? It is an informal get together that members can meet to socialise over coffee and snacks. You can drive your collector car or daily driver to the venue and enjoy a club activity without a full day commitment.

Previously we had divided the lower mainland in to 4 regions so attendees would not need to drive far and propose the same format. The regions could be something like North Shore, Vancouver, Tri-Cities and Delta / Surrey or other options.

It is suggested that these occur on a quiet Sunday morning. Ideally it would be nice to support an independent business rather than a chain but as the realtors say – location, location, location! Each business should be informed before going ahead of course.

So what this would mean is that there would be 4 Coffee Klatches each month and members could go to a location of their choice. No registration, just turn up.

We would like to have one member to set up for each location. It would take minimum organisation and if you would like to help out, please reply to Little Classical Gas www.littleclassicalgas@gmail.com

HERITAGE WEEKEND

Wow, what a fantastic weekend. First off, I would like to thank each and every person that helped out with our 53rd Annual Heritage Classic. What you may not realize is that this event takes over 9 months to organize, from securing venues, to working with sponsors, to advertising, and much much more. I would like to personally thank the following people: Simon & Nick for being co-chairs of the Heritage Committee this year. Thank you to Jennifer, Les and Mike for their continued support on the Heritage Committee. Along with Vito, Chris, Allan, Lisa, Sara, Kayte, Shaun, Peter, Anne, Mike, Danny, Carole, Malcolm, David, John, Susan, Ruth, Dave, Barbara, Sharon, Sue, Sophie, Rhonda, Bill, Ian, Doreen and many more of our club members, we couldn't have had such a successful weekend without you all.

Our event started on Friday night at the Langley Jaguar Land Rover Dealership. This catered event had three beautiful Jaguars inside the dealership and many more outside. We were also lucky enough to have some beautiful MGs and even a couple of Land Rovers at our event. It was a pleasure to work with Alex and the crew from JLR Langley. In fact, we look forward to continuing that relationship throughout the coming year.

Saturday at the field had its challenging moments with the heavy rain. However, we had approximately 60 cars show up, which continues to prove the dedication that our club members have. I would like to do a big shout-out to the all the judges. Their perseverance in the rain was instrumental to our event. We had a successful Youth Judging event and with many of the kids looking forward to next years event. By the end of the field event, the rain had stopped and we had people from the public come out and take pictures of the cars. Out of the cars that were registered, 35 were Jaguars, 28 were MGs, 11 were Land Rovers and we had 3 other British Cars. On top of those beautiful cars, we had 2 new Jaguars and 2 new Land Rover at the top of the field, which were provided by Jaguar Land Rover Langley.

This year, we were lucky enough to have Moss Classic Jaguar be a sponsor of the JCNA Concours. Greg and Elizabeth Wagorn of Silk Cat Automotive as they were the sponsor of the Entrants Choice Awards. We would like to thank both Moss Motors and Silk Cat for their continued support in our event.

Saturday night at Adrians was fabulous. We had 71 in attendance! We appreciated that Adrian's was able to open up to us earlier this year. Thank you to Moss Motors for the door prizes along with the appetizers provided by NAMGAR. Chef Shane and his team at Adrian's knocked it out of the park with the meal!

On Sunday morning, we had just over 20 cars participate in the 2-hour starting at Adrian's and ending up at the Newby Estate. Thankfully, the weather held out for the picnic. If you missed out on the picnic, you missed out on our club's band! Thank you to Allen, Les, Barry, Allan, John and Shaun for all your hard work, your practices and your music. They had 2 fabulous sets which saw people dancing and singing in their chairs! We can't wait to see when they'll play next.

And lastly, thank you to both Ian and Doreen for opening their home for our Sunday event. From setting up the tent, organizing tours of their property. Their year was quite exciting as Ian was able to unveil that the had received back his "Pay Cheque", which is a MGTF and it was actually Ian's second MG car. What a beauty!

From all of us on the Heritage Committee, we thank you for sharing your weekend with us. We look forward to next years event!

The first Kruiise for Kids was in 1983 and ever since then Car Clubs in the Greater Vancouver area have brought toys and cash to the Kruiise and donated them to the Lower Mainland Christmas Bureau to be used to provide a joyful Christmas for BC's less fortunate families with children. The event is on the first Sunday in November - this year November 3. We will meet at Kwantlen Polytech University at their Langley Campus. RARE OPPORTUNITY TO JOIN THE CLASSICAL GAS TEAM!

From the Senior Editor: Jennifer Orum

Classical Gas is in its 55 th year of publication, having been started by Ian Newby in June 1970 a few months after CXKJR/CCMGC was born. An award-winning publication, Classical Gas is a major contributor to the success of our club.

I started as Senior Editor in January 2008. After 17 years, while I continue to enjoy the role and find it rewarding, it's time for another club member to have the opportunity, fun and adventure of overseeing the magazine. There are lots of benefits to being Senior Editor – you get to know what is happening everywhere in the club and have the satisfaction of ensuring that our membership is both informed and entertained through the magazine's content. Each time a new issue is published, you'll get a wonderful sense of accomplishment.

I have given notice to the club Executive that I will do the November/December and January/February issues, but as of the March/April issue another member needs to be involved in the Senior Editor role. My plan is to work with the new volunteer through a transition period of one or more issues, during which we can both be carrying out editing tasks as Co-Editors, and I can orient the volunteer to all aspects of the Senior Editor position.

The Senior Editor role involves overseeing the production cycle and controlling the content and organization of the 6 bi-monthly issues, as well as editing articles and selecting photos. In addition to effective communication and writing skills, the Senior Editor needs either some experience in editing or an interest in learning it. The position requires use of Microsoft Word, but it is not necessary to be familiar with publishing software such as Adobe Indesign or Microsoft Publisher, since the layout and design of the magazine are done by a professional design firm.

The Senior Editor has a very supportive team carrying out various roles: an Ad Manager responsible for finding new advertisers, a member responsible for Classical Gas Distribution, two people assisting with editing articles, and an active, effective Classical Gas Advisory Committee. Layout, design, printing and mailing are handled by Infigo Imaging.

To ensure the continuation of Classical Gas, a member needs to step forward by January 15, 2025

I currently carry out another role that will not be part of the Senior Editor position going forward. Managing advertiser renewals can be a standalone task and we are thus looking for a member to oversee the renewals of our 25+ advertisers throughout the year.

If you would like more information about either the Senior Editor or Ad Renewal positions, or if you know of a club member who might be interested in either one, please contact me at

Making the bed shouldn't be like putting a swimming cap over a fridge.

RARE OPPORTUNITY TO JOIN THE CLASSICAL GAS TEAM!

From the Senior Editor: Jennifer Orum

Classical Gas is in its 55 th year of publication, having been started by Ian Newby in June 1970 a few months after CXKJR/CCMGC was born. An award-winning publication, Classical Gas is a major contributor to the success of our club.

I started as Senior Editor in January 2008. After 17 years, while I continue to enjoy the role and find it rewarding, it's time for another club member to have the opportunity, fun and adventure of overseeing the magazine. There are lots of benefits to being Senior Editor – you get to know what is happening everywhere in the club and have the satisfaction of ensuring that our membership is both informed and entertained through the magazine's content. Each time a new issue is published, you'll get a wonderful sense of accomplishment.

I have given notice to the club Executive that I will do the November/December and January/February issues, but as of the March/April issue another member needs to be involved in the Senior Editor role. My plan is to work with the new volunteer through a transition period of one or more issues, during which we can both be carrying out editing tasks as Co-Editors, and I can orient the volunteer to all aspects of the Senior Editor position.

The Senior Editor role involves overseeing the production cycle and controlling the content and organization of the 6 bi-monthly issues, as well as editing articles and selecting photos. In addition to effective communication and writing skills, the Senior Editor needs either some experience in editing or an interest in learning it. The position requires use of Microsoft Word, but it is not necessary to be familiar with publishing software such as Adobe Indesign or Microsoft Publisher, since the layout and design of the magazine are done by a professional design firm.

The Senior Editor has a very supportive team carrying out various roles: an Ad Manager responsible for finding new advertisers, a member responsible for Classical Gas Distribution, two people assisting with editing articles, and an active, effective Classical Gas Advisory Committee.
